Typical Refund Timeframes

- **E-filers:** Expect your refund about **seven to eight weeks** after you receive an acknowledgement that we have your tax return.
- **Paper filers:** Expect your refund about **10 to 11 weeks** after we receive your return. We must manually enter information from paper returns into our database.

Refund Exceptions

- **First-time filers:** It takes about **three weeks** to enter new filers into our system. Until that time we'll report your return as "not entered in system." Add those **three weeks** to the estimates above to determine your refund timeframe.
- **Received a letter from us asking for more information:** Your refund will be delayed until we get the requested information. It then will take about **six more weeks** to finish the process.

Refund timeframes are general and don't apply to every refund.

Rapid Response = Faster Refund

Respond quickly if you get a letter from us.

All income tax returns go through fraud detection reviews and accuracy checks before we issue any refunds. After you file your return, the Tax Commission might send you letters asking you to:

- Verify your identity
