FPB374
FP - FOREST FIRE PROTECTION LISTING

PROGRAM FUNCTION:

This program lists all records in the fire protection master file, with the option to list only those without a matching Parcel Master record. The report will also list any records with a "T" status.

REQUIRED RESPONSES SUPPLIED BY OPERATOR:

01   Printer prompts
02   Do you want a listing of:
              All records - Key (ALL)
              Non-matching records - Key (NON)

COMMENTS:

None

OUTPUT SUMMARY (or N/A):

Relative record number, parcel number, last name, first name, description, timber acres, forest charge, FPA charge, and totals (records, timber acres, forest charge, and FPA charge). The program will also generate a query report (FPQ374) that will list any "T" status parcels.

SPECIAL CONSIDERATIONS:

None
