Instructions for Idaho Form 84

GENERAL INSTRUCTIONS

Form 84 is used to calculate the Idaho small employer real property improvement tax credit (SE-RPITC) earned or allowed. Each member of a unitary group of corporations that earns or is allowed the credit must complete a separate Form 84.

QUALIFYING TAXPAYERS

To qualify for the SE-RPITC, you must certify by filing Form 89SE that you will meet the tax incentive criteria at the project site during the project period. If you haven't filed Form 89SE with the Tax Commission, or you have been notified that you don't qualify for the small employer incentives, you can't claim this credit.

QUALIFYING PROPERTY

If you're a qualifying taxpayer, the SE-RPITC is allowed on buildings and structural components of buildings that don't qualify for the investment tax credit. The buildings and structural components must be at the project site and placed in service during the project period.

The buildings and structural components must be new property. Used property doesn't qualify for this credit.

Buildings and structural components mean buildings and structural components of buildings as defined in Federal Treasury Regulation Section 1.48-1 for Internal Revenue Code Section 48 repealed by Public Law 101-508.

Building generally means any structure enclosing a space within its walls, and usually covered by a roof, the purpose of which is to provide shelter or housing, or to provide working, office, or parking space.

Structural components include such parts of a building as walls, partitions, floors, and ceilings and any permanent coverings to these items such as paneling or tiling; windows and doors; all components of a central air conditioning or heating system; plumbing and plumbing fixtures; electric wiring and lighting fixtures; chimneys; stairs, escalators, and elevators; sprinkler systems; fire escapes; and other components relating to the operation or maintenance of a building.

CARRYOVER PERIODS

SE-RPITC that was earned but not used against tax may be carried forward for 14 tax years. For purposes of the carryover period, a short tax year counts as one tax year.

RECAPTURE

You must compute recapture if you sell or otherwise dispose of the property or it ceases to qualify for the SE-RPITC before it has been in service for five full years.

In addition, you must compute recapture if you claimed the SE-RPITC in an earlier year and fail to meet the tax incentive criteria that you certified to on Idaho Form 89SE.

If you claimed the SE-RPITC and recapture is now required, file Form 84R.

SPECIFIC INSTRUCTIONS

Instructions are for lines not fully explained on the form.

CREDIT AVAILABLE SUBJECT TO LIMITATION

Line 1. Include a list of all property you acquired during the tax year that qualifies for the SE-RPITC. The list should identify what each item of property is, your basis in the item and the date placed in service. Don't include any property placed in service before the date the project period began.

Line 3. Enter the amount of the SE-RPITC that's being passed through by S corporations, partnerships, trusts, or estates in which you have an interest. This amount is from Form ID K-1, Part D, line 10.
