

# 2004 UNDERPAYMENT OF ESTIMATED TAX BY CORPORATIONS

Attach to Form 41 or Form 41S

8734

**FORM 41ESR**  
TC41ESR  
9-02-04

Month	Day	Year	Month	Day	Year
For calendar year 2004, or fiscal year beginning		<b>04</b>	ending		
Business name			Federal employer identification number		

## PART 1 -- UNDERPAYMENT COMPUTATION

1. Enter the 2004 total tax. ....	1			
2. Enter the Idaho fuels tax due claimed on the 2004 corporate return. ....	2			
3. Subtract line 2 from line 1. If the result is less than \$500, do not complete this form. ....	3			
4. Multiply line 3 by 90%. ....	4			
5. Enter the total tax amount less the fuels tax due shown on the 2003 tax return. ....	5			
6. Estimated tax. Enter the smaller of line 4 or line 5. ....	6			
<b>INSTALLMENTS</b>				
	<b>A</b>	<b>B</b>	<b>C</b>	<b>D</b>
7. Enter the installment due dates that correspond to the 15th day of the 4th, 6th, 9th and 12th months of the tax year .....				
8. Enter 25% of line 6 in each column. (If income is annualized, use amounts from line 33.) .....				
9. Amount paid or credit for each period .....				
10. Enter the amount from line 14 of the preceding column. ....				
11. Amount applied to previous installment .....				
12. Add lines 9 and 10 and subtract line 11. ....				
13. Underpayment. If line 12 is less than or equal to line 8, subtract line 12 from line 8. ....				
14. Overpayment. If line 8 is less than line 12, subtract line 8 from line 12. ....				

## PART II -- UNDERPAYMENT INTEREST COMPUTATION

15. Enter date of payment, or the 15th day of the 4th month after end of tax year, whichever is earlier. ....				
16. Number of days from due date of installment on line 7 to the date shown on line 15 .....				
17. Number of days on line 16 before 1/1/05 .....				
18. Number of days on line 16 after 12/31/04 .....				
19. $\frac{\text{Number of days on line 17}}{366} \times 6\% (.06)$ .....				
20. $\frac{\text{Number of days on line 18}}{365} \times 6\% (.06)$ .....				
21. Multiply line 19 by the underpayment on line 13. ....				
22. Multiply line 20 by the underpayment on line 13. ....				
23. Add lines 21 and 22. ....				
24. Add line 23 columns A through D. Enter here and on line 58, Form 41 or line 63, Form 41S. ....				

## PART III -- ANNUALIZED INCOME INSTALLMENT METHOD

	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>
25. Enter Idaho annualized taxable income. ....				
26. Multiply line 25 by 7.6%. ....				
27. Enter other taxes for each payment period. ....				
28. Enter tax credits for each period. ....				
29. Total tax. Add lines 26 and 27 and subtract line 28. ....				
30. Applicable percentage .....	<b>22.5%</b>	<b>45%</b>	<b>67.5%</b>	<b>90%</b>
31. Multiply line 29 by line 30. ....				
32. Enter the total of line 31, from all previous columns. ....				
33. Subtract line 32 from line 31. Enter on line 8, Part I. ....				

# Instructions for Idaho Form 41ESR

A corporation must make estimated tax payments to the State Tax Commission if it is required to make estimated payments to the Internal Revenue Service and will have an Idaho income tax liability of \$500 or more. Estimated payments are not required if the corporation was not required to file an Idaho return the previous tax year.

Each estimated payment must be 25% of the lesser of your income tax for the prior tax year or 90% of your income tax for the current tax year. A corporation uses Form 41ESR to determine whether it underpaid its estimated tax and to compute the interest on any underpaid amount. Additional copies of this form may be needed in cases where multiple payments are made and applied to the underpayment of a prior period.

## PART I. UNDERPAYMENT COMPUTATION.

Complete Part I to determine if you have an underpayment for any of the payment periods.

**Line 1.** Enter the total tax amount reported on the 2004 return. For Form 41, this is the amount on line 57. For Form 41S, this is the amount on line 62.

**Line 2.** Enter the fuels tax due claimed on the corporate return. For Form 41, this is the amount on line 51. For Form 41S, this is the amount on line 57.

**Line 5.** Enter the total tax amount less the fuels tax due reported on the 2003 return. For Form 41, this is the amount on line 54 minus the amount on line 49. For Form 41S, this is the amount on line 59 minus the amount on line 55.

**Line 6.** Enter the smaller of lines 4 or 5. If you used annualized income to determine your estimated payments, use Part III to show the annualized computation.

**Line 7.** Enter the installment dates for your estimated payments. The installment due dates for Idaho's estimated tax payments will be the same due dates required for your federal estimated tax payments.

**Line 8.** Multiply the amount on line 6 by 25%. This is the required installment for each quarter. If income is annualized, enter the amounts from line 28.

Complete lines 9 through 14 for one column before completing the next column.

**Line 9.** Enter the estimated payments made during the payment period. For column A only, include the amount credited to 2004 payments from your 2003 return and estimated payments made by the 15th day of the 4th month of the tax year. In column B, enter payments made after the 15th day of the 4th month through the 15th day of the 6th month of the tax year. In column C, enter payments made after the 15th day of the 6th month through the 15th day of the 9th month of the tax year. In column D, enter payments made after the 15th day of the 9th month through the 15th day of the 12th month of the tax year.

**Line 10.** Enter any overpayment shown on line 14 of the previous column.

**Line 11.** If you had any underpayment in the previous column, enter the amount of this period's payment that will be applied to the underpayment.

**Line 13.** If your payments on line 12 are less than the payments due on line 8, subtract line 12 from line 8 and enter your underpayment here. If line 13 shows an underpayment, complete Part II to compute the interest.

**Line 14.** If your payments on line 12 are more than the payments due on line 8, subtract line 8 from line 12 and enter your overpayment.

## PART II. UNDERPAYMENT INTEREST COMPUTATION.

If you computed an underpayment on line 13 of Part I, complete lines 15 through 24 to determine the amount of the interest due on the underpayment.

**Line 15.** Enter the date you made a payment that was applied to the underpayment amount shown on line 13, or enter the 15th day of the 4th month following the close of the tax year, whichever is earlier.

**Line 16.** Enter the number of days from the due date of the installment shown on line 7 to the date shown on line 15.

**Line 19.** Divide the number of days shown on line 17 by 366. Multiply the results by 6%, the interest rate for 2004. Compute the percentage to four decimal places (00.0000%).

**Line 20.** Divide the number of days shown on line 18 by 365. Multiply the results by 6%, the interest rate for 2005. Compute the percentage to four decimal places (00.0000%).

Complete columns B through D, lines 7 through 23. For a short period return, complete the appropriate number of columns.

**Line 24.** Add the amounts shown on line 23, columns A through D. Enter the total here and on Form 41 or Form 41S.

## PART III. ANNUALIZED INCOME INSTALLMENT METHOD.

If your estimated payments are based on annualized income for federal purposes, you may use that same method to make Idaho estimated payments. Use Schedule A, Part II of the federal Form 2220 to compute the federal annualized income.

**Line 25.** If you are a 100% Idaho corporation, enter your federal annualized income adjusted for Idaho additions and subtractions for each period. If the corporation is multistate, multiply the federal annualized income, adjusted for Idaho additions and subtractions, by the apportionment factor and enter the results.
