Instructions for Idaho Form 55

GENERAL INSTRUCTIONS

The credit for qualifying new employees was eligible to be earned through April 14, 2011. Although the credit can no longer be earned, it may be carried over for three years. Form 55 is used to calculate the carryover allowed.

Credit Limitations

If you claim the credit for qualifying new employees, this credit and most other income tax credits are limited to 50% of the tax after deducting the credit for tax paid to other states.

Carryover Periods

The credit carryover is limited to three tax years. If the number of qualifying employees decreases during the carryover period, you must recompute the credit using the reduced number of qualifying employees to determine the correct amount of carryover.

SPECIFIC INSTRUCTIONS

Instructions are for lines not fully explained on the form.
