## Annual Report of Wireless Telecommunication Service Companies

This form is the Annual Report for listing real and personal property assets subject to property tax as of January 1, 2017. Report all assets, except properly registered motor vehicles. If your company has submitted a complete listing of all assets subject to property tax for a prior year, you can report only those assets newly acquired or deleted from your asset account during the 2016 calendar year. If you prefer, you can submit a complete itemized listing of all assets on an annual basis.

You can submit a computer printout or other comparable report if it is complete and you clearly mark all asset groups (Schedules I through IX). If you submit a computer printout, you must still complete the cover page and page 2 of this Annual Report. Please submit the completed report by March 15, 2017, to the county assessor of the county where the property is located.

### Property Report Instructions

1. Read the instructions for each schedule to determine the type of property to list. If you need extra space to report all information, make copies of each appropriate schedule's form and add it to this report.
2. Complete each schedule of this report. Enter the word "NONE" where appropriate.
3. The owner, a duly authorized officer, or the property owner's designated employee must sign page 2 of this report.
4. Identify the location of your property by address, legal description, or electronic site description. The precise location of property is important since property taxes may be different by location.
5. Explain any entry which does not represent typical market value or which might be misleading.
6. List assets for projects that are partially complete as of the January 1 assessment date and not reported elsewhere in this report, on Schedule VIII on page 10.
7. List the manufacturer, model number, year manufactured (estimate if necessary), and the date purchased or constructed for all property.
8. List the original costs including freight, installations, engineering, overhead, renovations, rebuilds, overhauls, and all other costs to get the item ready for its intended use. Do not deduct for depreciation. List the original cost of assets that have been totally depreciated for Internal Revenue Service purposes.
9. If you elect the qualified investment (property) exemption in lieu of the investment tax credit, you must complete Schedule XI on page 13.

If you have questions about completing this form or would like this form in an electronic format, please call our office at \_\_\_\_\_ (assessor's phone number).
