# Instructions for Idaho Form ID K-1

## GENERAL INSTRUCTIONS

Form ID K-1 is used to provide the partner, shareholder, or beneficiary of a pass-through entity (PTE) with information required to complete the pass-through owner's (PTO's) Idaho income tax return. Form ID K-1 isn't intended to be a substitute for the federal Schedule K-1. The information reported on the Form ID K-1 relates to Idaho law and identifies Idaho adjustments, allocation and apportionment amounts, credits, and recapture amounts. Items that are included on federal Schedule K-1, such as the Section 179 deduction, aren't shown on the ID K-1 as most amounts required on the Form ID K-1 aren't found on the federal Schedule K-1.

A copy of each PTO's federal Schedule K-1 and Form ID K-1 must be included with the PTE's Idaho tax return filed by:

- Every partnership or S corporation transacting business in Idaho
- Every estate or trust required to file an Idaho income tax return

A copy of the Form ID K-1 must be provided to each PTO. If the PTE has withheld income tax, the PTO should include Form ID K-1 with the PTO's income tax return; otherwise, the PTO should keep it for his records.

### Reporting of Pass-Through Items by Individual PTOs

Idaho part-year resident and nonresident individuals need to modify the amounts reported on the Form ID K-1 before entering them on their Idaho individual income tax returns. A nonresident uses the Idaho apportionment factor to determine how much of his share of income and deduction from the PTE is from an Idaho source. A part-year resident is considered to have earned the income from a PTE ratably during the tax year. For the portion of the year that the PTO was a nonresident, he will use the Idaho apportionment factor to determine how much of his share of income and deductions considered earned during that time is from an Idaho source. For the portion of the year he is a resident of Idaho, he must report all the Idaho income and deductions considered earned during that portion of the year.

A resident of Idaho will be taxed by Idaho on his entire share of the income from the PTE even if the income is apportioned between Idaho and other states.

### Qualified Investment Partnerships

Special rules apply to a PTO who is a nonresident individual when the PTE is a qualified investment partnership under Idaho law. A qualified investment partnership is an entity classified as a partnership for federal income tax purposes and isn't a publicly traded partnership taxed as a corporation, with at least 90% of its gross income from investments whose income wouldn't be taxed by Idaho if received directly by a nonresident individual. Noninvestment income from an Idaho source is subject to Idaho tax. If the PTE is a qualified investment partnership, include a statement on Form ID K-1, Part E, Supplemental Information that the PTE is a qualified investment partnership and that a nonresident may not be taxed on certain investment income.

## SPECIFIC INSTRUCTIONS

All amounts on the Form ID K-1 should be included before applying the Idaho apportionment factor of the PTE. A PTO who is a nonresident individual will apply the Idaho apportionment factor in computing the amounts to include on his Idaho individual income tax return.

## HEADING AND QUESTIONS

### Tax Year

File the 2013 form for calendar year 2013 or a fiscal year that begins in 2013. If the PTE's tax year is a fiscal year, fill in the tax year space at the top of the form.

### Final Return and Amended Return

If this is the last year the PTE is filing an Idaho income tax return or if the PTE is filing an amended Idaho return, check the applicable box at the top of the form.

### Identification Numbers, Name and Address

Write the PTE's federal employer identification number (EIN), business name, and address in the spaces provided.

Write the PTO's social security number or EIN, name, and address in the spaces provided.

Check the appropriate boxes to identify the PTO.

If the PTO is treated as a disregarded entity under the IRC, check this box.

### Owner's Ownership Percentage

Enter the owner's ownership percentages as shown on the owner's federal Schedule 1120 K-1, 1065 K-1, or 1041 K-1.

### Line d Idaho Gross Income

If the PTO is an individual, trust, or estate, enter the amount of the PTO's distributive share of the PTE's gross income. Don't multiply this by the PTE's Idaho apportionment factor.

This amount doesn't go on the PTO's Idaho return. It's used to determine whether a nonresident or part-year resident individual, trust, or an estate has a filing requirement in Idaho.

Gross income is determined as provided in the Internal Revenue Code (IRC) sections 61(a), 691, 702(c) and 1366(c). These amounts can be reported as non-separately stated items or as separately stated items, and can be found on various schedules. Gross income won't generally tie to a specific line on the Form 41S, Form 65, or Form 66 because many of the amounts on the return are reported net of expenses.

Income from an interest in an estate or trust is included within the federal definition of gross income. This constitutes gross income from the detailed rules of IRC Subtitle A, Chapter 1, Subchapter J, Part I (section 641 and following). See Treas. Reg. section 1.61-13(a).

### Line e Tax Paid on Behalf of PTO

If the PTE is paying the tax on behalf of the PTO, check this box. The PTO won't be required to file an Idaho individual income tax return for the tax year in which the tax is paid by the PTE on a composite return. The option to have the PTE pay the tax for the PTO isn't available to the following:

- Corporations, partnerships, or electing small business trusts, or to any other person who isn't an individual
- Part-year residents who have Idaho taxable income from sources other than pass-through entities
- Residents
- Nonresidents who have Idaho taxable income from sources other than pass-through entities

Enter the amount of tax paid for the PTO on the line provided.

The PTE must either complete Sections A through E for an electing PTO or include a schedule that identifies how the tax for the PTO was computed, including any credits that are used to offset tax.

**Line f Withholding Paid on Behalf of PTO**

A pass-through entity (PTE) transacting business in Idaho, including a trust or estate with income taxable in Idaho, must withhold income tax from a nonresident individual owner who isn't included in a composite return. Enter the amount of Idaho income tax withheld.

**PART A ALLOCATION AND APPORTIONMENT**

If the PTE is a trust or estate, skip Part A.

**Line 1 Idaho Apportionment Factor**

Enter 100% on this line if the PTE is transacting all of its business within Idaho; if not, enter the Idaho apportionment factor from Form 42, Part I, line 21.

This information is used by a part-year resident or nonresident individual, trust, or estate to determine the amount of PTE's business income that must be reported as Idaho source income while a nonresident of Idaho. The apportionment factor doesn't apply to allocated income (lines 8 through 10).

**Line 2 Total Income**

Enter the PTO's distributive share of total income reported on federal Form 1065, line 8, or federal Form 1120S, line 6.

This amount doesn't go on the PTO's Idaho return. It's used to calculate the interest expense offset related to tax-exempt interest. If the PTO isn't reporting a deduction for tax-exempt interest, the PTO won't use this information in preparing his Idaho return.

**Lines 3 Through 7**

Lines 3 through 7 should be completed only by a PTE that is a partnership or taxed as a partnership. All other PTEs skip lines 3 through 7 and go to line 8. If the partner is an individual, trust, or estate, the partnership can skip lines 3 through 7.

Enter the PTO's share of the partnership's total everywhere and Idaho property, payroll, and sales, net of intercompany eliminations, in the spaces provided. These amounts can be found on the partnership's Idaho Form 42. The capitalized rent expense on line 5 is the amount of rent expense net of intercompany rent expense after being capitalized by eight.

The PTO's share of the partnership's total everywhere and Idaho property, payroll, and sales is determined by attributing the partnership's property, payroll, and sales to the PTO in the same proportion as the PTO's distributive share of partnership income if reporting net income for the tax year or in the same proportion as the PTO's distributive share of partnership losses if reporting a net loss for the tax year.

These amounts are used if the PTO is a partnership or a corporation to compute its Idaho apportionment factor. The amounts will be added to the entity's property, payroll, and sales amounts in computing its Idaho factors if the income from the PTE is business income to the entity.

**Lines 8 Through 10**

Lines 8 through 10 are used by all PTOs. Nonresident individuals, trusts and estates will need to know what income is allocated income since this income is not apportioned to determine Idaho source income. Instead, allocated income and the related nonbusiness expense offset amount on line 9 is specifically sourced to a state. Income allocated to Idaho is listed on line 10. Provide a detailed breakdown of this income and related expenses on page 2, Part E.

A nonresident will need to remove allocated income from federal Schedule K-1 amounts before applying the apportionment factor listed on line 1 to determine the amount of business income apportioned to Idaho. Income allocated to Idaho (line 10) will then be added to the apportioned income to compute the amounts of Idaho source income to report on Form 43 or 66.

**Line 8 Allocated Income**

Enter the PTO's distributive share of the amount reported on Form 65, line 27 or Form 41S, line 29. Include a schedule or use Part E to identify the income.

**Line 9 Nonbusiness Expense Offset**

Enter the PTO's distributive share of the amount reported on Form 65, line 28 or Form 41S, line 30.

**Line 10 Income and Expenses Allocated to Idaho**

Enter the PTO's distributive share of nonbusiness income allocated to Idaho. This amount is net of the nonbusiness expense offset and reported on Form 65, line 37 or Form 41S, line 39. Include a schedule or use Part E to identify the income and expenses.

- The amount of credit recaptured by the PTE, and
- The amount of any pass-through credit recapture flowing into the PTE for the tax year
