

Valuation of Barndominiums

Rural and often suburban jurisdictions are generally having more and more of a unique type of home being built. These are structures that appear to be metal clad farm buildings but part or all the structure has been finished on the interior and used as living area. Some are used as temporary living area while the owners construct a new stick-built home, while others are built as a permanent residence. The framing can be pole or steel.

Now that we know the type of home, what do we call them?

Instructor:	Rick Stuart, CAE
Dates:	Monday, July 22
Location:	Peregrine conference room – Boise Hotel & Conference Center
Hours:	7
