A reliable, high-speed Internet connection and a computer microphone or telephone. **This is a live, online, virtual course.** Webcams are encouraged but not required.

What You'll Learn

The Tax Commission's Basic Mapping Course is intended for assessors, appraisers, and mappers. It is an introduction to cadastral mapping. You'll learn about:

- Basic mapping statutes and rules
- Boundary law
- Conveyances
- Public Land Survey System
- Coordinate Systems
- Basic Mapping Techniques
- Metes and Bounds Descriptions
- Mineral surveys, Homestead Entry Surveys, Hydrographic Surveys, Highway Surveys, and Railroad Surveys
- Tax Districts and Tax Code Areas

Instructor

John Nelson, Senior GIS Analyst, Tax Commission

Education Hours

32 credit hours (upon attendance requirements and passing exam).
28 credit hours (upon attendance requirements and either not passing or not taking the exam).

Testing

For individuals taking the test for this course, the testing will be done in-person and at three locations (Post Falls, Boise, and Blackfoot) on Friday, April 30. For more information about the testing, please contact the education director.

Registration

- [Register online](#) no later than April 16, 2021.
- Fee: \$224 per person
- Invoices will be sent following the course.

Questions?

[Jeff Middleton](#), Education Director (208) 334-7733

Successful completion of this course fulfills one of the three state requirements to becoming an Idaho "certified cadastral specialist."
