

Intermediate ProVal

This hands-on workshop takes you to the next level in the use of ProVal software, focusing on pricing tables and navigating the ProValuation Engine. Topics include:

- Entering Local Cost Modifiers into the tables
- Using house type factor models
- Entering and updating sales
- Developing, entering, and using land tables
- Neighborhood development
- Condominium projects and economic units
- Using the market database to produce reports on comparables
- Trending models
- Maintaining quality assurance of appraisals

Recommended: Beginning ProVal or experience using ProVal
