

Valuation of Manufactured Home Parks Workshop and Tour

This workshop is designed to provide historical and current data to assist in the evaluation of Manufactured Homes Parks. The purpose of this workshop is to provide guidance and suggestions on the process of data analysis and valuation of Manufactured Home Parks or Communities. Information from various sources and areas of the United States are used to help establish process and procedures. All three approaches to value will be discussed and examples given. We will tour two or three parks to compare and discuss attributes.
