

Parcel Fabric Workshop

This two-day, hands-on workshop will introduce ESRI's ArcGIS Parcel Editing Solution and Local Government Information Model (LGIM). Topics include:

- Migrating cadastral data to the parcel fabric
- End-user mapping workflows with the Parcel Editor toolkit
- Including splits, merges, plat entry, dimensioning
- Spatial adjustment tools and workflows
- Leveraging the LGIM data model to consume freely available map services and applications.

The course will be led by Van O'Brien, Director of Solutions and Services at Sidwell. Mr. O'Brien has implemented and taught ESRI technology to local governments across the United States for Sidwell, including the ArcGIS Parcel Editing Solution.

Recommended: Experience using ESRI technology

Instructor: Van O'Brien, Director of Solutions and Services at Sidwell

Dates: Monday, July 28 – Tuesday, July 29

Location: Conference room 1CR5 (first floor) in Plaza IV - Washington Group Complex (Tax Commission office)

Hours: 14
