Shara Roberts
Iona City Clerk
PO Box 487
Iona, ID 83427

Subject: Ordinance No. ord._251_03_21 IONA (CITY)

Dear Ms. Roberts:

The Tax Commission has received and reviewed the above referenced action. This review cannot be completed and recognized because the following deficiencies were found:

- The attached legal description does not match the legal description within the ordinance or the map, and does not close. The attached legal description should be updated to match, while still including the PLSS reference, which the legal description within the ordinance does not have. (The legal description in the ordinance/ map does close.)

Please make these corrections, have the ordinance re-recorded, and re-submit to the State Tax Commission in compliance with I.C. 63-215 and IDAPA Rule 35.01.03 255.

Before this annexation/de-annexation can be processed for the 2022 year, the deficiencies listed need to be corrected. Failure to correct these deficiencies will result in the above referenced action not being recognized by the Idaho State Tax Commission, pursuant to its authority under Idaho Code Section 63-215. Thank you for your attention to the required legal descriptions and mapping requirements. If you have any questions, please call us at (208) 334-7750.

Find current year information about taxing district change requests at the Current Status Web page. Please visit <http://tax.idaho.gov/i-1069.cfm>.
