(3) After a thorough examination and review by the Board and its consultants, it was established that the Petitions were executed by the property owner(s) in the area covered by the annexation. (The area covered by the annexation is set forth in the map attached hereto and incorporated herein by this reference as Exhibit "B".)

(4) The Board set a public hearing on the Petition for Annexation.

(5) The public hearing was set for September 1, 2011, with notice of this hearing ("Notice") given by publication. Notice was published in the *Coeur d'Alene Press* on August 23, 2011. (A copy of the Notice and Affidavit of Publication are attached hereto and incorporated herein by this reference as Exhibit "C".) At this public hearing the Board and its consultants were prepared to respond to any questions or issues raised.

(6) The Board has assumed, pursuant to the provisions of Idaho Code Section 42-3218(b) that the failure of any other individuals to show cause in writing as to the annexation of the property described in Exhibit "B", is deemed as their assent.

(7) The Board, after consideration of the records and files herein and the public health and safety of the current and future residents and businesses in the District and the area proposed for annexation, find it in the best interests of the District its residents and those who are in the area to be annexed into the District, to annex the area covered by the Petition.

(8) Subject to the conditions placed on the annexation by the District, the real property described in the map attached hereto as Exhibit "B" and legally described in Exhibit "D" attached hereto is hereby incorporated into the District as of the date this Order is recorded with the County Recorder.

PETITION FOR ANNEXATION
NORTH KOOTENAI WATER DISTRICT
KOOTENAI COUNTY, IDAHO

COMES NOW Petitioner, LARRY D. DONE and petitions the Board of Directors of North Kootenai Water District ("District") as follows:

1. Petitioners are the owners of the real property situated within the County of Kootenai, State of Idaho, particularly described in Exhibit ^{"X"}_{"D"}, attached hereto, and incorporated herein by reference.

2. Petitioners are desirous that the above-described property be included in, made or part of, and be served with water system improvements in North Kootenai Water District, Kootenai County, Idaho.

3. Petitioners request that, in accordance with the provisions of Section 42-3218, Idaho Code, notice of the filing of this petition be given and published in the official newspaper of the District in Kootenai County, Idaho, said notice to give all persons interested an opportunity to appear and show cause in writing, if any they have, why this petition should not be granted at the hearing, time and place to be set by this Board; that further, assuming that no valid objections are made to the inclusion of the above-described property within the boundaries of the District, the Board enter its order that the above-described property be included within the boundaries of the District, and that such order be recorder and filed with Kootenai County, Idaho and filed with the State of Idaho Tax Commission.

That Petitioners are aware that, as a condition of annexation, the District may require that the land described in this petition be subjected to the following requirements:

(a) The Petitioners shall pay for the actual costs incurred by the District for District administration, engineering, legal, inspection, and preparation of any necessary documents that are required by the District for annexation of the property. Such District costs shall include, but are not limited to, preparation of conditions of annexation, any needed water system master planning, design consultations, plan reviews, and final approval of the Petitioner's construction plans and specifications for water facilities.

(b) The Petitioner shall be responsible for all water facilities that will be necessary to serve the Petitioner's annexed property. These water facilities will include those required within the annexed property as well as all necessary water facilities needed to extend water service from the District's existing facilities to those proposed to serve the annexed property. The District shall have the right to dictate where and how the Petitioner's water facilities that serve his annexed area may be connected to the District's water facilities. Upon completion of installation and approval by the District of all water facilities the Petitioner shall dedicate such facilities to the District.

EXHIBIT A

(c) The District shall not be obligated to serve any property annexed within the District where the District has determined there is not sufficient water system capacity to adequately serve such property. There shall arise no right to service or obligation by the District for service upon annexation and as among other properties annexed to the District, and there shall be no priority for service until each water connection permit has been obtained. If construction is not completed within two (2) years from the date the water connection permit was issued, any priority for service shall become null and void. The District may extend the time for completion upon a request by the property owner and a showing of good cause why such extension should be granted.

(d) At the time each water connection permit is issued and prior to connection of the water system to each private facility, a service availability fee of no less than Fifteen and 75/100 Dollars (\$_15.75) per lot or equivalent dwelling unit shall be paid each month to repay the District for the cost of developing the District's core water collector lines, and treatment facilities including the debt retirement of such facilities committed to prior to inclusion of the annexed property into the District. Such service availability fees may increase at such time as the District determines such fees are not adequate to reimburse the District for the cost incurred in developing the water system. The service availability fee shall be in addition to actual costs required for connecting to the actual main water line.

(e) The District shall form a local improvement district pursuant to title 50, chapter 17 of the Idaho Code for the purpose of financing the acquisition, construction and installation of improvements to water system of the District to serve the real property described in Exhibit "X"
"D"

(f) And such other conditions as the District may prescribe.

WHEREFORE, Petitioners pray that this petition be set for hearing at the earliest practicable time, and that the Board grant the petition including the conditions as set forth in Paragraph 3above.
