

LDB814
LD-ROLL REVIEW YEAR INTO PM

PROGRAM FUNCTION:

This program updates the review years in the Parcel Category File with the appraisal years from the Residential/Commercial Land file.

REQUIRED RESPONSES SUPPLIED BY OPERATOR:

- 01 Do you want to work with Residential or Commercial or Both?
Enter Resid, Comm, or Both
- 02 Do you want to update review year? (Y or N)
- 03 Limits
- 04 Parcel types and location codes
- 05 Printer prompts

COMMENTS:

None

OUTPUT SUMMARY (or N/A):

The report lists the parcel key, name, category, old and new review year, and an edit if the review year was not updated. It will also give the total number of parcels and review years updated per category.

If you run without update, the report will print "***No Update**" in the heading.

SPECIAL CONSIDERATIONS:

Active appraisal years will update active and inactive Parcel Master review years. Inactive appraisal years will only update inactive Parcel Master review years.

If a parcel has only an "I" status record (no "A"), this program will need to be run using "I" status in the limits in order for these records to be updated.

If a parcel has two or more category records with the same category number, only the first one will be updated. The rest will be on the edit list with a "Duplicate Categories in Parcel Master" message.
