## Introduction

The Idaho State Tax Commission, in conjunction with the Internal Revenue Service (IRS), accepts state individual, corporation, S corporation, partnership, and fiduciary income tax returns and corresponding forms for tax year 2018 through the Modernized E-File system (MeF). The accepted forms are identified in the “Idaho Forms Supported for E-Filing” section.

This handbook expands on the applicable IRS publications listed below. All specifications, requirements, and instructions defined in these publications apply to the Idaho Federal/State Electronic Filing (MeF) Program unless otherwise stated.

The Tax Commission accepts electronically transmitted individual, corporation, S corporation, partnership, and fiduciary income tax refund, zero balance, and tax due returns. Direct deposit isn’t available for e-filed business returns.

Idaho requires vendors to participate in the FTA State Exchange to obtain LOI and MeF testing materials. This process is explained in the “Acceptance and Participation” section of this document (page 3).

### New this year:

#### Business & Individual:

- Idaho conforms to the IRC as of January 1, 2018. Idaho doesn't conform to bonus depreciation for assets acquired after 2009.
- Taxpayers have 120 days instead of 60 days to report a change in their federal taxable income or in any tax paid to another state they have claimed a credit for.
- The tax rates decreased by .475%.
- The credit for charitable contributions now includes donations to Idaho-based medical residency placement organizations.

#### Individual Only:

- The adoption expenses deduction increased from \$3,000 to \$10,000.
- Idaho now has a nonrefundable child tax credit of \$205 per qualifying child.
- Qualified Business Income Deduction allows a deduction of up to 20% of qualified business income from a domestic business operated as a sole proprietorship or through a partnership, S corporation, trust or estate. Owners can take this deduction for tax years beginning January 1, 2018.

## Acceptance and Participation

For tax year 2018, we're following national e-Standards protocol. We've updated our Letter of Intent (LOI). Our process involves granting the vendor access to Idaho's LOI via the FTA State Exchange System. Vendors will complete the LOI and submit the document to the Tax Commission at [mefesting@tax.idaho.gov](mailto:mefesting@tax.idaho.gov). Upon approval of the LOI, Idaho will grant the vendor access to the MeF specifications, schemas, and test packets through the FTA State Exchange System.

## Federal/State Electronic Filing (MeF) Process

### How Federal/State MeF Filing Works

Idaho returns included in the Federal/State Electronic Filing (MeF) Program will be transmitted to the IRS Service Center along with the federal return. All Idaho returns must include a **complete copy** of the federal return to include all PDF attachments, forms, and schedules.

Once the IRS has notified the Electronic Return Originator (ERO) of successful submission, Idaho can retrieve the files from the IRS. Idaho won't receive any state data from a rejected federal return.

**Note:** The IRS acknowledges only that it received the state data. The IRS acknowledgment isn't an indication that Idaho has "received" your state return. You must receive the Idaho acknowledgment to ensure your state return has been received.

The Idaho acknowledgment system is designed to inform transmitters that the Idaho return has been retrieved and the return is being processed by Idaho. When Idaho receives the return from the IRS, it will generate a receipt acknowledgment record. Idaho will also generate a processing acknowledgement to indicate if the return was accepted or rejected. This record will be available for retrieval by transmitters after one business day.

Contact Idaho if you receive the federal acknowledgment, but no state acknowledgment, after two business days. See “Who to Contact,” page 7.

## Acceptance Process

### EFIN and ETIN

The IRS assigns the Electronic Filing Identification Number (EFIN) and Electronic Transmitter Identification Number (ETIN). The Tax Commission will use these same numbers in the Federal/State Electronic Filing Program.

These numbers are used in the acknowledgment system to identify preparers and transmitters.

### Idaho Test Data

All participants are required to follow the IRS testing procedures for acceptance into the program. Only software developers are required to test their software with Idaho. Participants must transmit live return data using only Idaho-accepted federal/state electronic filing software.

## State-Only, Short-Period, Fiscal, and Amended Filing

Idaho supports filing of the following returns through the Federal/State Electronic Filing (MeF) Program:

- State-only
- Amended and Prior Year
  - Business: Tax years 2016, 2017, and 2018
  - Individual: Tax years 2016, 2017, and 2018
- Fiscal (tax period must match federal filing)
- Short-period (tax period must match federal filing)

A state-only, amended, fiscal, or short-period return is produced through software to build a complete state packet that includes a copy of the federal return. For an amended return, the copy of the federal return must reflect the amended federal return.

## **Exclusions from Electronic Filing**

In addition to the returns listed in IRS publications as excluded from federal electronic filing for the 2016 tax filing period, the following documents will not be accepted for electronic filing in Idaho in 2018:

- Prior year returns
  - Business: tax years before 2016
  - Individual: tax years before 2016
- Form 84
- Form 84R
- Form 85
- Form 85R
- IAT transactions will not be processed. Paper checks will be sent to taxpayers who indicate the ultimate destination of a direct deposit refund is a foreign bank.

## **Transmitting the Idaho Electronic Return**

Since the Idaho electronic return is transmitted with the federal return, the transmitter must follow all electronic transmitting procedures, communication requirements, and technical specifications required by the IRS.

Participants in the Federal/State Electronic Filing (MeF) Program must confirm with their software developer or direct transmitter that the software is capable of processing and transmitting the state data along with the federal data to the appropriate IRS service center.

## **Idaho Acknowledgments**

The Tax Commission will generate an acknowledgment of acceptance or rejection for all returns received. The acknowledgment record will be in a format approved and agreed upon by the IRS, state agencies, transmitters, and software developers. Transmitters and software developers should allow two business days to receive the state acknowledgment before contacting the Tax Commission.

### **Receipt Acknowledgment**

Idaho provides a receipt acknowledgment for successfully retrieving returns through the IRS MeF system. Idaho will reject any return submitted in the wrong format or that cannot be properly identified. If this occurs, the state will inform you of the rejection through an acknowledgment. Once you correct the return, you may transmit the return as a state-only return. Be sure to confirm that your software package supports state-only transmissions. If the electronically filed Idaho return can't be re-transmitted, you must submit a paper tax return to the Tax Commission.

## Processing Acknowledgment

Idaho provides one of the following two processing acknowledgments for successfully reading returns retrieved through the IRS MeF system.

**Accepted** – This acknowledgment indicates the electronic return was received and successfully completed the business rule validation process.

**Rejected** – This acknowledgment indicates the electronic return was received but failed to complete the business rule validation process. The acknowledgment will contain a reason indicating the error causing the rejection. (See Appendix A – 2017 Idaho Business and Individual E-File (MeF) Reject Codes).

## Nonreceipt of Idaho Acknowledgment Record

Before contacting the Tax Commission, ensure that:

- You have received an IRS acknowledgment record,
- The IRS accepted the federal tax return,
- The transmission included an Idaho state return, and
- You have the submission ID.

Contact the Tax Commission if:

- You received IRS acknowledgment records more than two working days ago, and you have not received Idaho acknowledgment records for the same tax returns.

## Who to Contact

To check on the status of an Idaho acknowledgment record, call the E-File Help Desk at (208) 332-6632. Please have the following information available when making the call:

- Electronic Filer ID Number (EFIN)
- Federal EIN

## Responsibilities

### Electronic Filers, Transmitters, EROs

Electronic Filers, Transmitters, and Electronic Return Originators (EROs) must abide by the terms set forth in this handbook and must maintain a high degree of integrity, compliance, and accuracy to continue to participate in the Federal/State Electronic Filing Program. They must also abide by the following requirements:

#### Compliance

All electronic filers must comply with the requirements and specifications in the IRS publications, this handbook, and the 2017 Idaho Business and Individual E-File (MeF) Specifications.

#### Timeliness of Filing

Transmitters must ensure that electronic returns are filed in a timely manner. The date of the IRS acknowledgment will be considered the filing date for an electronically filed Idaho return.

Transmitters must confirm acknowledgment of the state return by the Tax Commission.

The Tax Commission will accept electronically filed Idaho returns that have been submitted for transmission to the IRS.

### **Responsibility to Your Clients**

Preparers have been entrusted with the task of filing a client's tax return and must assume the responsibility for the return's timely arrival at the Tax Commission.

### **Changes on the Return**

If the transmitter or taxpayer wants to make any changes after the return has been accepted and acknowledged, the transmitter or taxpayer can e-file an amended return with corrected changes if the software offers this option.

If the software does not offer this feature, the transmitter or taxpayer must file an amended return with corrected changes on paper. Mail Idaho returns to the following address:

Idaho State Tax Commission  
Attn: TP Accounting  
PO Box 56  
Boise Idaho 83756-0056
