I. INTRODUCTION

The Pocatello Development Authority (PDA) was created by the City of Pocatello on July 14, 1988, and was granted authority by the City of Pocatello to undertake urban renewal projects which may be facilitated through the use of tax increment financing. The PDA helps to ensure that appropriate development takes place in areas of greatest need.

Planning is essential to ensure that development efforts create both an environment of convenience and safety for neighborhood residents, and increased opportunities for businesses to succeed. This North Portneuf Urban Renewal Plan, once implemented, will be the vehicle to provide a more conducive atmosphere for business operation in the City, and enhance opportunities for businesses wishing to relocate to Pocatello.

This plan identifies projects and describes the process for enhancing this area in the City through efforts of the Pocatello Development Authority and the City of Pocatello.

Background

The Pocatello Development Authority (PDA), in the meeting of March 21, 2007 made the following recommendation (SEE ATTACHMENT 1):

- The PDA recommended the creation of a Revenue Allocation District for the area adjacent to the Portneuf River to Interstate 86 and running east to Philbin Road and then in a southerly direction to the Portneuf River. The area also includes properties south and southwest of and adjacent to the Great Western Malting Plant. Underdevelopment of this area necessitates the creation of an improvement plan. This recommendation initiated the creation of the improvement plan contained herein.

The recommendation of the PDA, as outlined, is consistent with the goals of the City and is allowed by the State of Idaho Urban Renewal Law (Chapter 20, Title 50, Idaho Code). Accordingly, this North Portneuf Urban Renewal Area Improvement Plan directs use of revenue allocation financing to accomplish the following:

- To eliminate underutilized areas which are causing economic under-development in the designated area, substantially impairing the sound growth of Pocatello in general.

- To encourage both private and public development in the Urban Renewal Area in order to diversify and improve the local economy by providing adequate public facilities.

- To encourage cooperation among taxing districts in the Pocatello community regarding the use of funds.

- To accomplish plan goals in accordance with all appropriate federal, state, and local laws.

Purpose of the Plan

The purpose of this plan is to create a proactive approach to development/redevelopment projects by the PDA in Pocatello by focusing efforts in five areas:
1. Leveling or reducing the City's levy rate by increasing the tax base through more aggressive engagement in redeveloping underutilized areas;

2. Partnering with the private sector to enhance development and to attract new or to expand businesses to improve the Pocatello economy;

3. Targeting areas in need of building and site improvements;

4. Utilizing more effectively the powers granted to the PDA in the pursuit of redevelopment activities. Such powers include:
   a. carrying out urban renewal projects;
   b. making and executing contracts and other instruments;
   c. disseminating slum clearance and urban renewal information;
   d. repairing streets, roads, public utilities or other facilities;
   e. installing streets, utilities, parks, playgrounds, off-street parking facilities, public facilities, or other facilities;
   f. entering buildings or property to make inspections, surveys, appraisals, soundings or test borings;
   g. acquiring by purchase, lease, option, gift, grant, bequest, devise, eminent domain or otherwise, any real property or personal property for its administrative purposes;
   h. holding, improving, renovating, rehabilitating, clearing or preparing for redevelopment any such property or buildings;
   i. mortgaging, pledging, hypothecating or otherwise encumbering or disposing of any real property;
   j. insuring or providing for the insurance of any real or personal property or operations of the municipality;
   k. demolishing and removing structures on property;
   l. investing urban renewal funds;
   m. borrowing money and applying for and accepting advances, loans, grants, contributions, and any other form of financial assistance;
   n. creating, modifying and executing plans which may include programs of voluntary compulsory repair and rehabilitation of buildings and improvements;
   o. conducting appraisals, title searches, surveys, studies, and other plans and work necessary to prepare for the undertaking of urban renewal projects;
   p. developing, testing, and reporting methods and techniques, and carrying out demonstrations for the prevention and elimination of slums and urban blight;
   q. developing new or improved means of providing housing;
   r. accepting and utilizing grants of funds from the federal government;
   s. assisting in the relocation of persons displaced from an urban renewal area;
   t. exercising all or any part or combination of powers herein granted.

By adopting this Plan, it is the intention of the PDA to facilitate improvements in the designated North Portneuf Urban Renewal Area and enhance the economic viability of the area.
II. NORTH PORTNEUF URBAN RENEWAL AREA DESCRIPTION AND DETERIORATED OR DETERIORATING CONDITIONS ANALYSIS

The Urban Renewal Area boundary and Revenue Allocation District are identified with the same boundaries. The area is legally described in Attachment 2. State Urban Renewal Law and the Local Economic Development Act identify a number of conditions that qualify an area for urban renewal status. The following presents an analysis and reasoning why this North Portneuf area should be included as part of an Urban Renewal Area.

Idaho Code 50-2002 outlines requirements for a finding and declaration of necessity which states that areas that impose onerous municipal burdens which decrease the tax base, and reduce tax revenues, substantially impairs or arrests the sound growth of municipalities and among other things aggravates traffic problems in an area will qualify to be included in an Urban Renewal Area. Additionally, Idaho Code 50-2903 states areas in which there is a predominance of buildings or improvements... which by reason of dilapidation, deterioration, age or obsolescence... contributes to the economic underdevelopment of an area qualify for assistance.

The properties associated with these areas are in need of improvements to facilitate building and infrastructure enhancements and these needs have contributed to underutilization of the site for businesses and industry for several years. This area includes several site issues that impede redevelopment including:

- Under-development of land which has detracted from the economic viability of the area;
- Inadequate transportation access points and infrastructure limiting development of this site;
- Any combination of the above factors which has reduced the feasibility of full development of this area.

Without addressing these conditions, the feasibility of additional development in this area in the near future would be limited. Additionally, the range of issues and the costs associated with redevelopment contributes to the ongoing underutilization of this area and prompts the additional need to establish the North Portneuf Urban Renewal Area.

III. PROJECT PLAN

The project list outlined in this plan may be funded (all or in part), if the PDA and Council decide to utilize tax increment financing funds as they become available from new construction. A description of the projects with estimated costs are as follows:

**Project Description**

- **Infrastructure, Access, and Site Work**—any necessary and eligible costs related to infrastructure enhancement, construction of facilities, upgrades of utilities, site preparation work, and other associated work to facilitate development;
- **Contingency costs**—additional cost calculated for work related to other administrative or construction related costs associated with the project;
- **Taxing Entity Operational Costs**—taxing entities will receive a reimbursement percentage to occur in the tenth year of the district to cover administrative and operational costs thereby lessening the burden of service delivery for the entities associated with this urban renewal area. Funding may also be used for property acquisition for economic development purposes;
- **City Capital Cost Reimbursement**—City of Pocatello costs incurred for acquisition of property for location of HOKU Scientific.
- **PDA Administration**—An administrative cost will be allocated to the PDA for ongoing operational needs;
Company Employment Reimbursement—In year 2016, provided that tax increment financing revenue is collected as projected, HOKU Scientific will be reimbursed funding percentages if they obtain and maintain at minimum 200 new jobs in the community. If they do not have 200 or maintain that number of jobs, then the amount of the reimbursement will be proportionately reduced downward on a prorated sliding scale. There is no increase in reimbursement for jobs in excess of 200.

The following table outlines the total project costs and the projected revenue for the proposed revenue allocation district.

### IV. ECONOMIC FEASIBILITY STUDY

The following tables provide a projection of base-assessed valuations for the proposed revenue allocation district for the North Portneuf Urban Renewal Area. An analysis of the tax levy rates applied in calculating tax collection for taxing entities and the North Portneuf Revenue Allocation District is described below. The total revenue amount that may be received by the PDA over twenty four years is estimated at approximately $62,078,013. This amount will be used to finance all projected costs within the North Portneuf Urban Renewal Area.

Table 6 outlines reimbursement and payment amounts, with percentage allocations for all costs to be distributed to both the public and private entities. There are no guarantees of the revenue amounts listed in this plan. Revenue distributions listed in the plan will be based on actual proceeds received. If for whatever reason, net revenue to PDA is less than that projected in the plan, then the listed percentages will govern how the proceeds are to be allocated. There is no adjustment in distribution for net revenue to PDA in excess of that listed in the plan.

---

$^4$ Proposed new construction is anticipated to be completed at the end of 2008. Full tax value will be collected for 2009.

$^5$ Calculations include holding the levy rate constant through 2009. In 2010, it is reduced by 10% due to the anticipated Central Corridor Urban Renewal Area expiration which will generate a broader tax base resulting in a reduction in the levy rate. It is also reduced an additional 3% in 2020 to account for the future expiration of the North Yellowstone Urban Renewal Area.
The company is paying the costs of infrastructure, access and site work and will therefore be reimbursed for the actual costs of these items, currently estimated to be $25,869,029. The company will also receive an employment reimbursement for jobs created. The full amount listed in the table under Company Employment Reimbursement will be distributed to the company if employment is achieved and maintained at 200 FTE’s. For the purposes of this plan, Bureau of Labor Statistics standards are used to define full time equivalent employment. This definition is 35 hours per week. The distribution amount will be adjusted downward if the job creation is less than the 200 FTE’s and will be proportionally reduced on a prorated sliding scale. There is no increase in distribution for jobs in excess of 200 FTE’s.

Public entities will receive reimbursement of costs associated with land acquisition and operations/administration. This will help to pay the costs associated with service delivery by these entities in this area.

As outlined in Table 6, when revenue is received by the PDA (projected to begin in 2010), the costs for public infrastructure will be reimbursed over eight years provided that revenue is collected at the projected rate. City capital costs for acquisition will also be funded within the same time frame. After those items are compensated, a reimbursement for job creation, taxing entity operational costs and PDA administration and acquisition costs will also be funded.

V. CONFORMANCE WITH STATE LAW

Redevelopment activities for the North Portneuf Urban Renewal Area are governed by two applicable sections of Idaho Code: the Idaho Urban Renewal Law (Chapter 20, Title 50, Idaho Code) and the Idaho Local Economic Development Act (Chapter 29, Title 50, Idaho Code).

The Idaho Legislature passed the Urban Renewal Law in 1965. Under this law, a Mayor and Council can declare areas as deteriorating, and declare that the rehabilitation, conservation, and redevelopment of such areas is in the interest of the public’s health, safety, morals or welfare (Idaho Code 50-2008). The Urban Renewal Law also states that an area of a city that “constitutes an economic and social liability imposing onerous municipal burdens which decrease the tax base and reduce tax revenues, substantially impairs or arrests the sound growth of municipalities, retards the provision of housing accommodations, aggravates traffic problems and substantially impairs or arrests the elimination of traffic hazards and the improvement of traffic facilities...” may be designated an urban renewal area.

The Idaho Legislature passed the Local Economic Development Act in 1988. This act states: “An authorized municipality is hereby authorized and empowered to adopt, at any time, a revenue allocation financing provision, as described in this chapter, as part of an urban renewal plan...A revenue allocation financing provision may be adopted either at the time of the original adoption of an urban renewal plan or the creation by ordinance of a competitively disadvantaged border community area, or thereafter, as a modification of an urban renewal plan or the ordinance creating the competitively disadvantaged border community area.” (Idaho Code 50-2904)

In addition to this, Idaho Code 50-2906 states: “The local governing body of an authorized municipality must enact an ordinance in accordance with Chapter 9, Title 50, Idaho Code, and Section 50-2008, Idaho Code. To modify an existing urban renewal plan, to add or change a revenue allocation, an authorized municipality must enact an ordinance...and conduct a public hearing.” (Idaho Code 50-2906) This part of the Idaho Code specifically implies that a local municipality must enact an ordinance before redevelopment can take place.

The North Portneuf Urban Renewal Plan proposed within this document follows the guidelines prescribed within Idaho Code for the development of Urban Renewal Areas and Revenue Allocation Districts.

VI. PLAN DURATION

The plan shall be in effect and enforceable for a period of time necessary to finance all designated improvements and all debt obligations the PDA may incur in connection with such improvements. This term may be amended as allowed by law.

VII. AMENDMENT PROCEDURES

The plan may be amended by the PDA after all notice and public hearing requirements as set forth in Idaho Code have been met, and upon formal approval by the Pocatello City Council.
VIII. SEVERABILITY

If any part of the plan is declared contrary to Idaho Code, and any provision or application of such provision to any person or circumstance is declared invalid for any reason, such declaration shall not affect the validity of any remaining provisions of the Plan.

IX. CONCLUSION

The North Portneuf Urban Renewal Plan is designed to ameliorate deteriorating conditions which are causing economic under-development of the area and substantially impairing the sound and continued growth of Pocatello. The plans call for extensive building and site construction work.

Implementation of the plan will provide the capacity necessary to foster sound growth of the municipality, increase the tax base and tax revenues, encourage economic stability of the community, increase job creation, and improve the health, safety, and welfare of the community.

The Pocatello Development Authority recommends that the City approve and cooperate in carrying out the purposes of this Plan.

Resolution of the City Council designating the Urban Renewal Area
RESOLUTION NO. 2007-07

A RESOLUTION OF THE CITY OF POCATELLO, A MUNICIPAL CORPORATION OF IDAHO, DESIGNATING AN URBAN RENEWAL AREA WITHIN THE CITY OF POCATELLO AND BANNOCK COUNTY TO BE KNOWN AS THE NORTH PORTNEUF URBAN RENEWAL AREA AND REVENUE ALLOCATION AREA DISTRICT; APPROVING THE PLANS REVIEWED AND RECOMMENDED BY THE POCATELLO DEVELOPMENT AUTHORITY AND THE COMMUNITY DEVELOPMENT COMMISSION FOR CONSIDERATION AT A PUBLIC HEARING HELD BEFORE THE CITY COUNCIL ON APRIL 19, 2007; PROVIDING THAT THIS RESOLUTION SHALL BE EFFECTIVE UPON ITS PASSAGE.

WHEREAS, pursuant to Idaho Code §§50-2005-2008, the Mayor and Council of the City of Pocatello have heretofore made findings of fact sufficient to establish certain urban renewal areas within the City and to cause an urban renewal agency known as the Pocatello Development Authority to function within the City as set forth in Resolution No. 1988-13; and

WHEREAS, the City Council has since that time reviewed certain other areas within the city limits and declared them to be appropriate for urban renewal projects by Resolution as required by Idaho Code §50-2008; and

WHEREAS, the City Council has since then considered the issue of development of the area consisting generally of real property parcels in the Philbin Road and Highway 30 West area, bounded by Interstate 86 on the north, the Portneuf River on the west/southwest, and Philbin Road on the east, up to the Great Western Malting Plant property, and properties south/southwest of and adjacent to the Great Western Malting Plant which are determined to be deteriorated or deteriorating parcels in need of rehabilitation and infrastructure improvements which heretofore have prevented development; and

WHEREAS, the City Council, having reviewed the proposal for the above-described area, deems it in the best interest of the citizens of the City of Pocatello to
incorporate said area into an Urban Renewal Area to be known as the North Portneuf Urban Renewal Area and Revenue Allocation Area;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Pocatello as follows:

1. That the area depicted on Exhibit A attached hereto and made a part hereof, to be known as the North Portneuf Urban Renewal Area and Revenue Allocation Area, is hereby declared and determined to be a deteriorating area, as defined by Idaho Code §50-2018(9) and §50-2903(8)(b) and (c), by reason of the existence of inadequate street layout, accessibility or usefulness, and a lack of adequate infrastructure or development, all of which substantially impairs the sound growth within the City and results in economic underdevelopment of the area and is detrimental to the public health, safety, or welfare.

2. That the above-described area is therefore declared appropriate for, and is hereby designated as, an Urban Renewal Area and Revenue Allocation Area suitable for urban renewal projects.

3. That the City Council hereby acknowledges the adoption by the Board of Commissioners for Bannock County, Idaho, of a Transfer of Powers Ordinance for those areas within the Urban Renewal Area and Revenue Allocation Area not yet annexed into the corporate City limits.

4. That the City Council also hereby acknowledges the recommendation of the Community Development Commission that the plan submitted for this area conforms to the Comprehensive Plan of the City.

5. That the City Council hereby acknowledges the recommendation of the Pocatello Development Authority regarding the urban renewal area and revenue allocation area and the Plan for improving said area, including infrastructure improvements, public

RESOLUTION
utility improvements and the like, which Plan shall encompass improvements to the area for
the maximum time allowed by law or a period of up to twenty-four (24) years, and that the
Plan be appropriately modified to reflect this change.

5. That the City Council hereby approves of the Pocatello Development
Authority proceeding with the preparation of plans for urban renewal projects to be performed
in the above named urban renewal area and revenue allocation area in conformity with the
Plan submitted to the Community Development Commission in accordance with Idaho Code
§50-2008(b).

6. That the City Council hereby makes the following findings after a public
hearing held on April 19, 2007, conducted in accordance with Idaho Code §50-2008(c) and
(d) and §50-2906(3) regarding the above named urban renewal plan and project:

A. That no families will be displaced from the proposed North Portneuf Urban
Renewal Area and Revenue Allocation Area;

B. That the North Portneuf Urban Renewal Plan conforms to the general plan of
the municipality as a whole;

C. That adequate parks and recreational facilities already exist in close
proximity to the Urban Renewal Area and the nature of the use of the real
property within the Urban Renewal Area and Revenue Allocation Area will be
Industrial in nature; and

D. That the North Portneuf Urban Renewal Plan will afford maximum
opportunity, consistent with the sound needs of the municipality as a whole, for
the rehabilitation or redevelopment of the Urban Renewal Area by private
enterprise.

7. That the City council hereby directs the City Legal Department to prepare an
Ordinance for one reading at the May 3, 2007 regular City Council Meeting and authorizing
the City Clerk to prepare and publish proper Notice and provide proper Notice to the various
taxing entities so entitled, all in conformance with Idaho Code §50-2906(3).
