Idaho State Tax Commission
Cynthia Adrian, Legislative Liaison
Governmental Affairs
Chinden Campus
Boise, Idaho

Dear Ms. Adrian and Idaho State Tax Commission:

I wanted to formally send comments on the proposed Income Tax Rules on behalf of the Idaho Society of CPAs.

I value and appreciate the relationship with the Idaho State Tax Commission and have appreciated working with you and the stakeholder group on this process.

Our Society has been working with ATI and IACI since your last meeting on the proposed rules and wanted to express the Society's strong encouragement and overall support of the strategy to keep examples in Idaho Rules, for this department especially. Examples will help taxpayers and keeping income rules as clear as possible is in the best interest of everyone. As you know, this is a very comprehensive process and the Society will continue to review the proposed comments.

We wanted to give our preliminary support and extend any help and time needed, as everyone continues to work on this. Of course, we will also work to help your team solve any issues or worries moving forward.

Thank you for your work.

With much respect,

A handwritten signature in cursive script that reads 'Laura Lantz'.
