An S corporation must provide each shareholder with an Idaho Form ID K-1. This form shows the shareholder's proportionate share of Idaho additions, subtractions and credit information. For shareholders who aren't individuals, the Form ID K-1 also provides apportionment factor information that's needed to complete their Idaho income tax return. Form ID K-1 also identifies the proportionate share of gross income to help determine Idaho filing requirements of individual shareholders.

Include all Forms ID K-1 and a complete copy of federal Form 1120S, including all federal Schedules K-1, with the Idaho Form 41S.

**Credits**

Except for the Tax Reimbursement Incentive credit and the investment tax credit earned by an S corporation while a former C corporation, credits earned by the S corporation pass through to each shareholder based on that shareholder's proportionate share of S corporation income or loss. When an S corporation has a fiscal year end other than that of the shareholder, the credit passes through in the same period that the shareholder reports the S corporation income or loss for federal tax purposes.

The S corporation must provide each shareholder with an Idaho Form ID K-1. This form shows the shareholder's proportionate share of credits earned, credits subject to recapture and contribution information needed to calculate certain credits. Each shareholder uses this information to determine the amount of Idaho credit allowed, recapture required and credit carryovers that exist on the shareholder's Idaho income tax return. Credits reported by each shareholder are subject to the limitations applicable to that shareholder. Include copies of Form ID K-1 with this return for the year when the credit is earned.

If an individual shareholder's portion of the income is taxed on the S corporation's return, the tax can be offset by that shareholder's proportionate share of credits. Credits applied to this tax are computed based on the credit limitations applicable to corporations. For example, if an S corporation pays the tax for three individual shareholders, the amount of credit for contributions to educational institutions is the lesser of the following amounts:

- 50% of the three shareholders' share of the amount donated
- 10% of the tax computed for the three shareholders or
- \$5,000

Credits allowed to a shareholder that aren't used to offset that shareholder's tax can't be used to offset the tax computed for other shareholders. The broadband equipment investment credit can be transferred to another taxpayer rather than used by the taxpayer who earns the credit.

To claim a credit you acquired through a transfer, include a copy of the Form 70, *Idaho Statement of Credit Transfer*, with each return you're claiming transferred credit on.

**Line 44 Credit for Contributions to Idaho Educational Entities**

Donations made by an S corporation to a qualified educational entity can qualify for a tax credit. Donations of goods or services don't qualify.

If the S corporation pays the tax for one or more nonresident individual shareholders, determine each shareholder's proportionate share of the following amounts and enter the total of these amounts on this line.

The credit is limited to the smallest of:

- One-half of the amount donated
- 10% of the tax on line 43 or
- \$5,000

Don't enter the total credit earned by the S corporation if the S corporation isn't paying the tax for all shareholders.

- 10% of the tax on line 43
- \$500 or

### Other Taxes

#### Line 49 Minimum Tax

A minimum tax of \$20 is required. If the S corporation owes federal tax on excess net passive income or net recognized built-in gains, compute the Idaho tax using the following instructions:

- Compute the Idaho tax on excess net passive income by multiplying 6.925% by the lesser of Idaho apportioned excess net passive income or Idaho apportioned taxable income. See federal Form 1120S instructions. Include a copy of the computations
- Compute the Idaho tax on net recognized built-in gains by multiplying 6.925% by the Idaho apportioned net recognized built-in gain. See federal Form 1120S, Schedule D instructions. Include a copy of the computations

- If the corporation was previously a C corporation with credit carryover, the credit can be used to offset all or part of the tax

If the total tax computed is more than \$20, draw a line through the 20 printed on the form. Enter on this line the total Idaho tax on excess net passive income and net recognized built-in gains minus applicable income tax credit carryovers. Credit limitations apply. The total tax before credits can't be less than \$20.

Examples include magazine subscriptions, out-of-state catalog purchases, merchandise bought over the internet, book and record club items, purchases in a state where no sales tax was charged, etc. Multiply the total amount of those purchases by 6% (.06).

If you computed use tax on Form 75, add it to the use tax on other purchases and enter the total here.

Contributions help provide need-based scholarship funds to Idaho high school graduates who attend approved higher education institutions in Idaho. This need-based program is built on a shared responsibility model. Students must contribute to the cost of attendance and apply for other financial aid sources including federal aid. Awards are renewable for up to four years and are based primarily on financial need with some academic consideration. **Refund or Payment Due****Line 64 Penalty and Interest**

Penalty and interest are computed on the tax on line 63 minus the underpayment interest on line 56 and the donation amount on line 57.

**Penalty:** Idaho law provides penalties for not filing tax returns by the due date, not paying tax due on time and not prepaying enough on extension returns. For more information or to calculate a penalty, see our *Penalties and Interest* page at [tax.idaho.gov/penalties](http://tax.idaho.gov/penalties).

**Interest:** We charge interest on the amount of tax due from the due date until paid in full. The rate for 2020 is 4%.

**Line 67 Refund**

If you're filing an original return, you can receive all or part of the overpayment listed on line 66 as a refund or apply all or part of the overpayment to your 2020 estimated tax. Enter the amount you want refunded to you. If you enter the total amount from line 66, you must enter zero on line 68.

**Line 68 Estimated Tax**

If you listed the total overpayment as the amount you want refunded to you on line 67, you must enter zero on this line.

If you're filing an amended return, you must enter the same amount as reported on the original return.
