Line 6 Estate Tax Deduction

Enter the deduction for federal estate tax attributable to income in respect of a decedent. If the income in question has been distributed, only the fiduciary's proportionate share may be deducted. Refer to federal Form 1041 instructions. Line 13 Credits

Enter the amount from Form 66, Schedule B, line 6. Instructions for Schedule B begin on page 6.

Line 15 Income Distribution Reportable by Beneficiaries

Determine the amounts from lines 4 and 5 reported by the trust or estate on the fiduciary return. If the trust or estate files as a pass-through entity and includes nonresident beneficiary income in a composite return, this amount should be the total Idaho distributable income for all shareholders on Form PTE-12 with filing code "C". Don't include amounts distributed to a beneficiary who doesn't meet the Idaho individual income tax filing requirement.

If the trust or estate pays the tax for one or more nonresident individual beneficiaries, determine each beneficiary's share of the total business income tax credits allowed from Form 44, Part I, line 10, and enter the total of these amounts on the credits line of Form 66, line 16. Don't enter the total credit earned by the trust or estate if the trust or estate isn't paying the tax for all beneficiaries. Include Form 44.

Line 16 Tax on Income Distribution

If the trust or estate pays the tax on a beneficiary's income distribution, this income is taxed at the corporate rate of 6%. If a trust or estate files as a pass-through entity and includes nonresident beneficiary income in a composite return, this amount is the same as the total on Form PTE-12 column (c). Any credits from the estate or trust that flow through to the beneficiary can be used to offset the tax attributable to that beneficiary. Include a schedule showing this computation.

Line 17 Permanent Building Fund (PBF) Tax

A trust or estate that meets the Idaho filing requirement and doesn't distribute all of its Idaho adjusted income must pay the \$10 PBF tax. For example, if the trust pays tax on capital gains, the \$10 PBF tax is required.

If a trust or estate reports income on line 14 and pays the tax on income paid to nonresident individual beneficiaries, it's required to pay the \$10 PBF tax for each beneficiary. A trust or estate must pay the PBF tax for each nonresident individual beneficiary included in the composite return.

If all the Idaho adjusted income is distributed to beneficiaries who file Idaho income tax returns, the trust or estate doesn't owe this tax.

Enter zero if this is a QFT.

Line 18 Total Tax From Recapture of Income Tax Credits

If the trust or estate pays the tax for one or more beneficiaries, include on this line those beneficiaries' share of the total tax from recapture of income tax credits from Form 44, Part II, line 6. Include Form 44.

Line 19 Fuels Tax Due

If you buy gasoline, aircraft fuel, or special fuels (diesel, propane, or natural gas) without paying the fuels tax and later use this fuel in licensed vehicles or aircraft, you owe fuels tax. Add the amounts on Form 75, Section IV, lines 3 and 4, and enter the total here. Include Form 75.

Line 20 Sales/Use Tax Due

If you purchased an item from an out-of-state seller (including internet, catalog, radio, and TV purchases) and the seller didn't collect sales tax on that purchase, you must pay the use tax directly to the Tax Commission. Multiply the total amount of these purchases by 6% (.06).

If you computed use tax on Form 75, add it to the use tax on other purchases and enter the total here.

If you have an Idaho sales or use tax account, don't enter your sales or use tax on this line, but continue to report the tax on these purchases on your sales and use tax returns.

Line 21 Tax From Recapture of Qualified Investment Exemption (QIE)

If you've claimed the QIE for property tax on property that no longer qualifies before the end of the five-year recapture period, you must recapture part or all of the property tax benefit. Enter the amount from Form 49ER, Part III, line 18. Include Form 49ER.

Line 22 Tax on ESBT or QFT Composite Return

Don't include ESBT and QFT items on Schedule A.

ESBTs: If the trust is an ESBT, the portion that consists of stock in one or more S corporations is treated as a separate trust, and you must compute the tax separately on that separate trust.

Use the ESBT Tax Worksheet below to figure the Idaho ESBT tax.

Don't claim an income distribution deduction, an exemption amount, or a deduction for capital losses in excess of capital gains.

Worksheet Line 31 Tax Paid by Affected Business Entity — Enter the amount of tax paid by the affected business entity on the trust's share of the affected business entity income.

QFTS: If the trust files a composite QFT return, use the same information and schedules for Idaho as you use to determine tax on federal Form 1041-QFT. Calculate each QFT's Idaho taxable income and liability on a separate schedule, and include it with the composite Idaho return.

To arrive at the QFT's Idaho taxable income, each QFT included in the Idaho composite return should start with its federal taxable income as reported in the detail information attached to the federal Form 1041-QFT composite return. Each QFT's federal taxable income is then subject to the Idaho modifications listed on Form 66, Schedule A.

A QFT isn't entitled to claim the exemption deduction in computing Idaho taxable income.

Report the total of the Idaho income tax due for all of the QFTs on line 22.

Line 24 Estimated Tax Payments

Enter the total amount of payments made and the amount applied from your 2021 return. If payment is made under other EINs, provide a schedule with the EINs, amounts, and rollforwards. For trusts and estates that distribute their income to their beneficiaries, the credit for tax paid by the ABE should be apportioned between the trust or estate and the beneficiaries in the same proportion as the income is allocated to and reported by the trust or estate and the beneficiaries.

If the trust is a grantor trust, the ABE information should be included in the grantor letter along with the income information. The beneficiaries will report their share of the payment on their individual tax return.

Interest: Interest is charged from the due date until paid. The rate for 2023 is 5%.

Line 32 Nonrefundable Credit From a Prior Year Return

If you were denied a refund from an overpayment of tax on a prior year return because of the three-year statute of limitations, you may be eligible to take a credit for the amount. See Idaho Form 44 for calculation of your credit and include it with your return.

Line 35 Refund/Apply to 2023**Refund**

Enter the amount of your overpayment from line 34 that you want refunded to you. Refunds of less than \$1 won't be issued. You have three years from the return's due date (not including extensions) to claim a refund. Refunds will be reduced by unpaid Idaho tax liabilities and can be applied to unpaid liabilities owed to other agencies.

The agency or party seizing the refund must send you notice of the action. Questions about a refund seizure should be directed to the agency or party that initiated the claim for seizure.

Apply to 2023

If you're filing an original return, subtract the amount you want to refund from line 34. Any difference will be applied to your 2023 tax and won't be refunded.

The fiduciary must provide each beneficiary with an Idaho Form ID K-1. This form shows the beneficiary's share of credits earned, credits subject to recapture, and contribution information needed to calculate certain credits. Each beneficiary uses this information to determine the amount of Idaho credit allowed, recapture required, and credit carryovers that exist on the beneficiary's Idaho income tax return. Credits reported by each beneficiary are subject to the limitations applicable to that beneficiary. Include copies of Form ID K-1 with your return for the year when the credit is earned.

If an individual beneficiary's share of income is taxed on the trust or estate return, the tax can be offset by that beneficiary's share of credits. Credits applied to this tax are computed based on the credit limitations applicable to trusts or estates. For example, if a partnership pays the tax for three individual beneficiaries, the amount of credit for contributions to educational institutions is the lesser of the following amounts:

- 50% of the three beneficiaries' share of the amount donated
- 50% of the tax computed for the three beneficiaries, or
- \$500

Credits allowed to a beneficiary that aren't used to offset that beneficiary's tax can't be used to offset the tax computed for other beneficiaries. The broadband equipment investment credit can be transferred to another taxpayer rather than used by the taxpayer who earns the credit.

To claim a credit you acquired through a transfer, include a copy of Form 70, *Idaho Statement of Credit Transfer*, with each return you're claiming transferred credit on.

Line 1 Property Tax Exemption

Check the "Yes" box if you elected the property tax exemption on personal property that qualifies for the

investment tax credit. Include a copy of Form 49E.

Line 2 Credit for Taxes Paid to Another State

This credit only applies to resident or part-year resident trusts or estates.

An Idaho trust or estate must report all of its income regardless of where it was earned. If the trust or estate also is taxed by another state on income reported on the Idaho return, it can claim a credit against the Idaho tax. The credit is limited to the proportion of the Idaho tax that the federal total income of the trust or estate derived from sources in the other state and taxed by that state bears to the federal total income.

If you have credit for taxes paid to more than one state, use a separate Schedule B for each state. You must include a copy of the other state's tax return with your Idaho return. Enter the total on line 2g. Amounts on line 2d should be rounded to four digits to the right of the decimal point. For example, .66666 is rounded to .6667 and should be entered as 66.67%.

If the trust is an ESBT, complete a separate Schedule B for the S corporation items. Modify the Schedule B to report the applicable S corporation amounts from the ESBT tax computation schedules.

Line 3 Credit for Contributions to Idaho Educational Entities

Cash donations made by a trust or estate to a qualified educational entity can qualify for a tax credit. Donations of goods or services don't qualify.

Include amounts from Form ID K-1, Part VII, line 55 to calculate the credit amount.

If the trust or estate pays the tax for one or more beneficiaries, the credit is limited to the smallest of:

- The beneficiary's share of one-half of the amount donated
- 50% of the tax computed for the beneficiary
- \$500, or
- The beneficiary's tax, minus the amount on Schedule B, line 2g attributable to that beneficiary

After calculating the credit amount, the trust or estate can add any amounts reported on Form ID K-1, Part XI, line 63 to that amount. The total credit can't exceed \$500.

Don't enter the total credit earned by the trust or estate if the trust or estate isn't paying the tax for all the beneficiaries.

- The beneficiary's share of one-half of the amount donated
- 20% of the tax computed for the beneficiary
- \$100, or
- The beneficiary's tax less the amounts on line 3 and Form 44, Part I, line 1

After calculating the credit amount, the trust or estate can add any amounts reported on Form ID K-1, Part XI, line 65 to that amount. The total credit can't exceed \$100.
