Instructions for Idaho Form 68

GENERAL INSTRUCTIONS

Form 68 is used to calculate the broadband equipment investment credit earned or allowed. Each member of a unitary group that earns or is allowed the credit must complete a separate Form 68.

Qualifying Property

You must obtain an order from the Idaho Public Utilities Commission (PUC) confirming that your installed equipment is qualified broadband equipment.

Qualified broadband equipment is equipment that qualifies for the investment tax credit and is capable of transmitting signals at a rate of at least 200,000 bits per second to a subscriber and at least 125,000 bits per second from a subscriber. Also, specific requirements must be met by telecommunications carriers, commercial mobile service carriers, cable or open video system operators, satellite or wireless carriers, packet switching equipment, and multiplexing and demultiplexing equipment. The equipment must be used primarily to provide services to public subscribers in Idaho.

Unitary Sharing

A corporation included as a member of a unitary group of corporations may elect to share the broadband equipment investment credit it earns but doesn't use with other members of the unitary group. The corporation must claim the broadband equipment investment credit to the extent allowable against its Idaho income tax before it can share the credit.

Transfer of Credit

A taxpayer who earns the broadband equipment investment credit and an intermediary may transfer the credit to another taxpayer. The transferor must submit Form 70, Idaho Statement of Credit Transfer, to the Tax Commission at least 60 days before the date of transfer. The Tax Commission will verify the amount of credit available for transfer and the number of carryover years.

The transferee may first claim the transferred credit on the income tax return originally filed during the calendar year in which the transfer takes place. However, the credit may not be claimed on a tax return that begins before January 1, 2001.

The transferee must include a copy of Form 70 with each income tax return in which the credit is claimed or carried over.

Carryover Periods

The credit carryover is limited to 14 tax years. A transferee is entitled to the same carryover period that would have been allowed to the transferor.

SPECIFIC INSTRUCTIONS

Instructions are for lines not fully explained on the form.

You must also include the approval from the Idaho PUC that confirms the installed equipment is qualified broadband equipment.
