## WHAT'S NEW FOR 2018

### CONFORMITY TO INTERNAL REVENUE CODE (IRC)

Idaho conforms to the IRC as of January 1, 2018. Idaho doesn't conform to bonus depreciation for assets acquired after 2009.

### REPORTING TAXABLE INCOME CHANGE

Taxpayers have 120 days instead of 60 days to report a change in their federal taxable income or in any tax paid to another state they have claimed a credit for.

### FEDERAL SECTION 199A

This new section allows a deduction of up to 20% of qualified business income from a domestic business operated as a sole proprietorship or through a partnership, S corporation, trust or estate. Owners can take this deduction for tax years beginning January 1, 2018.

The federal calculation isn't part of federal adjusted gross income. Report the amount on your Idaho Form 40 or 43.

---

### CHARITABLE CONTRIBUTION CREDIT

The credit for charitable contributions now includes donations to Idaho-based medical residency placement organizations.

### ADOPTION DEDUCTION INCREASE

The adoption expenses deduction increased from \$3,000 to \$10,000.

### IDAHO CHILD TAX CREDIT

Idaho now has a nonrefundable child tax credit of \$205 per qualifying child.

### TAX RATE REDUCTION

All tax rates decreased by .475%.

## RAPID RESPONSE = FASTER REFUND

All income tax returns go through identity theft fraud detection and accuracy checks before any refunds are issued. After you file your return, we may send you letters asking for more information.

**Fraud Detection.** To detect and combat tax identity theft, the Tax Commission uses a variety of methods to validate your identity and tax return. To help protect your information and keep taxpayer dollars from going to criminals, we may send you:

- An Identity Verification letter that asks you to take a short online quiz or provide copies of documents to verify your identity, or indicate that you didn't file a return
- A PIN letter that asks you to verify online whether you or someone you authorized filed the tax return we received

**Accuracy Checks.** We stop about 25% of individual income tax returns each year to resolve mathematical errors or request missing information. We want to be sure that your tax return correctly reflects your information and intent. To do this, we may send you:

- A Request for Information letter that asks for missing or additional information to support data reported on your tax return
- A Tax Computation Change letter that provides an explanation of changes that we made to your tax return

Please contact us if you have any questions about correspondence we've sent you.

---

## TYPICAL REFUND TIMEFRAME

- **E-filed?** Expect your refund about 7-8 weeks after the date you receive your filing acknowledgement from the state.
- **Filed on paper?** Expect your refund about 10-11 weeks after we receive your return. We must manually enter information from paper returns into our database.

### REFUND EXCEPTIONS

- **First time you filed an Idaho income tax return?** It takes about 3 weeks to enter your account into our system. Until that time, our refund updates will report your return as "not entered in system." Add those 3 weeks to the estimates above to determine your refund timeframe.
  - **Received a letter from us asking for more information?** Your refund will be delayed until we get the requested information. It will then take about 6 weeks to review your material and finish processing your refund.

## Get Idaho Forms

- Online at [tax.idaho.gov](http://tax.idaho.gov) (some forms are fillable)
- At Tax Commission offices
- By calling (208) 334-7660 in the Boise area or (800) 972-7660

## Who Must File

  - All sources while a resident and
  - Idaho sources while a nonresident
- Every nonresident with more than \$2,500 gross income from Idaho sources

To file an Idaho return, first complete your federal return. You need the federal return information to complete your Idaho return.

Your **Idaho filing status** must be the same as your federal filing status. For example, if you file a joint federal return, you must also file a joint Idaho return. The tax year and accounting method used on your Idaho return must match those used on your federal return.

If a taxpayer dies before filing a current year return, the taxpayer's spouse or personal representative must file the return. A personal representative can be an executor, administrator, or anyone who's in charge of the deceased taxpayer's property.

**Gross income** means all income you received in the form of money, property, goods, and services that aren't exempt from tax. It's measured before subtracting allowable deductions.

Gross income includes, but isn't limited to:

- Income from wages, salaries, tips, interest, and dividends that isn't exempt from tax
- Self-employment income before expenses
- Farm income before expenses
- Rental income before expenses
- The shareholders' or partners' share of gross income from S corporations and partnerships
- Unemployment compensation
- Certain scholarship and fellowship grants
- Gains from sales of property
- Pensions and annuities
- Taxable Social Security benefits

Scholarships used for tuition, fees, supplies, books, and equipment required for courses leading to a degree aren't included in gross income.

# GENERAL INFORMATION

## Extension of Time to File

**This is not an extension of time to pay your taxes—it's an extension to file your return.**

You automatically get an extension of up to six months to file your return if you've paid at least:

- 100% of what you paid for state income taxes the year before or
- 80% of your current year's tax liability

You can avoid a penalty for late filing, but will be charged interest on the remaining tax until it's paid. Complete the worksheet on Form 51 to see if you meet the extension requirements.

To avoid a penalty, pay online at [tax.idaho.gov/epay](https://tax.idaho.gov/epay) or mail your payment with Form 51.

If you qualify for an extension to file your Idaho return, send the return and any payment by October 15, 2019.

## What to Attach and What to Keep

### Attach

Include all schedules and other forms in the following order:

2. Form 39R or 39NR
3. Form 75
4. Form 44
5. Additional schedules in numerical order

If you're claiming credit for taxes paid to another state, you must include Idaho Form 39R or 39NR and a copy of the other state's income tax return. If the credit applies to more than one state, use a separate Form 39R or 39NR for each state.

### Keep

Keep copies of any receipts, tax forms, worksheets and other records to support any income, deduction, exemption and credit you've reported.

## Penalties

Idaho law provides penalties for not filing tax returns by the due date, not paying tax due on time, and not prepaying enough on extension returns. For more information or to calculate a penalty, see our *Penalties and Interest* page at [tax.idaho.gov/penalties](https://tax.idaho.gov/penalties).

## Interest

We charge interest on the amount of tax due from the original due date of the return until paid at the rate of 5% per year (rate effective for 2019).

## Residency

**Are you a resident, a part-year resident, or a nonresident?**

The following will help you decide:

You're an Idaho resident, even though you live outside of Idaho, if all of the following are true:

- You think of Idaho as your permanent home
- Idaho is the center of your financial, social, and family life
- Idaho is the place you intend to return to when you're away

You're also an Idaho resident if the following are true:

- You maintained a home in Idaho the entire year and
- You spent more than 270 days in Idaho during the tax year

You're a part-year resident if you moved into or out of Idaho during the tax year. You're still a resident if:

- You temporarily moved outside of Idaho, or
- You moved back to Idaho after a temporary absence

You're a nonresident if your permanent home is outside of Idaho all year.

You're considered a nonresident if all of the following are true:

- You're an Idaho resident who lived outside of Idaho for at least 445 days in a 15-month period
- After satisfying the 15-month period, you spent less than 60 days in Idaho during the year
- You didn't have a personal residence in Idaho for yourself or your family during any part of 2018
- You didn't claim Idaho as your federal tax home
- You weren't employed on the staff of a U.S. senator or representative
- You didn't hold an elective or appointive office of the U.S. government other than the armed forces or a career appointment in the U.S. Foreign Service

### NOTE:

The above exception to being an Idaho resident doesn't apply to a qualified servicemember.

### Community Property

Idaho is a community property state. The community property laws of Idaho generally treat property and income acquired during marriage differently than other property. For more information, visit [tax.idaho.gov](https://tax.idaho.gov).

## Military Personnel

Idaho law generally follows federal law regarding which type of military pay (active duty, disability, reserve, or retirement) is taxable.

### Qualified Servicemember

A qualified servicemember is:

- Any member of the Army, Marine Corps, Navy, Air Force, or Coast Guard on active duty
- A member of the National Guard called to active duty service by the President of the United States or the U.S. Secretary of Defense for more than 30 consecutive days, to respond to a national emergency declared by the President and supported by federal funds

# GENERAL INFORMATION

- A member of the commissioned corps of the National Oceanic and Atmospheric Administration in active service
- A member of the commissioned corps of the Public Health Service in active service

## Military Home of Record

The qualified servicemember's residence is considered the service member's home of record.

## Federal Military Spouses Residency Relief Act

The earned income of qualifying spouses of Idaho servicemembers isn't subject to Idaho income tax because of the federal Military Spouses Residency Relief Act.

As a servicemember's spouse, you qualify for this exemption if:

- You're married to a servicemember who's serving in Idaho and the servicemember registered their home of record in another state and
- You've moved to Idaho with the servicemember and have the same domicile (permanent residence) as the servicemember's home of record

If you qualified for the Idaho income tax military spouse exemption, report any Idaho withholding on Form 43, line 65.

## Idaho Residents on Active Duty— Stationed in Idaho

If Idaho is your military home of record and you're on active duty stationed in Idaho, Idaho taxes all of your military wages and all nonmilitary income, regardless of the source. File Form 40.

## Idaho Residents on Active Duty— Stationed outside of Idaho

Report all your Idaho income to Idaho if you meet all the following criteria:

- You joined the military as an Idaho resident
- Idaho is your military home of record
- You were on active duty for 120 or more consecutive days
- You were stationed outside of Idaho for all or part of the year

File Form 40 if you're single or if you're married and your spouse is also an Idaho resident.

File Form 43 if you're married and your spouse is an Idaho nonresident, part-year resident, or military nonresident.

- Check the "Idaho Resident on Active Military Duty" residency status box for yourself
- Check the applicable residency status box for your spouse

Idaho residents in the military don't lose Idaho residency or domicile by being absent because of military orders.

A qualified servicemember isn't a resident of, or domiciled in, Idaho just by being stationed in Idaho.

## Nonresidents on Active Duty Stationed in Idaho

Idaho doesn't tax your military income if your military home of record isn't Idaho and you're on active duty stationed in Idaho for all or part of the year.

Idaho taxes nonmilitary income from Idaho sources.

File Form 43 if your gross income from Idaho sources is more than \$2,500. The instructions for Form 43 begin on page 13.

## National Guard Members Called to Active Duty in a Combat Zone

Idaho follows federal law and provides income tax relief for servicemembers on active duty in combat zones. Below is a summary of how these laws affect Idaho National Guard members:

- All tax filing deadlines are extended for at least 180 days after your last day in a combat zone
- No interest or penalty accrues for nonpayment of individual income taxes while you're in a combat zone
- If you're enlisted or a warrant officer, you don't owe tax on military pay received while in a combat zone. If you're a commissioned officer, the monthly exclusion is capped at the highest enlisted pay, plus any hostile fire or imminent danger pay received
- Federal law doesn't cover business tax returns, employment taxes, or sales/use tax obligations
- Write "COMBAT ZONE" and the date of deployment on top of the tax return you're filing

## American Indians

You can deduct all your income from working on the reservation only when you meet all these criteria:

- You're enrolled in a federally recognized tribe
- You live and work on the reservation
- The income is included on Form 40, line 7 of your tax return

If you have no other income, you aren't required to file.

If you have other income in an amount that meets the federal filing requirement, you must file an Idaho return. For specific instructions, see Form 39R or 39NR.

## Amended Returns

Use Form 40 or 43 to amend your return. Check the amended return box at the top of the form and enter the reason for amending.

See **Amended Return** on page 7 or 13 for more information.

If your taxable income or tax credits change because of an audit, you must send written notice including an amended return to the Tax Commission within 120 days of the final determination. Include copies of all federal and /or state schedules.

If you owe additional Idaho tax and don't send written notice within 120 days of the final federal determination, we apply a 5% negligence penalty. We charge interest on any tax due.

If the final determination results in an Idaho refund, you must file an amended Idaho income tax return with the written notice. If the statute of limitations is closed, you have one year from the date of the final determination to file for the refund.

General information instructions beginning on page 2 also apply to this form.

## GROCERY CREDIT REFUND ONLY

If you're not required to file an income tax return, but are filing Form 40 to receive a grocery credit refund, you don't need to include a copy of a federal return. If you or your spouse are over age 65, see Form 24.

You must complete Form 40 as follows:

- Write "NRF" on line 7
- **Skip** lines 8 through 12
- Complete line 13a if you (or your spouse) are age 65 or older
- **Skip** lines 13b through 31

## HEADING

Write your name, address, and Social Security number (SSN) in the spaces provided. If you don't have an SSN, write your Individual Tax Identification Number (ITIN).

If you don't have or aren't required to have an SSN or ITIN, enter "NRA" in the SSN space. If you've applied for an ITIN and haven't received it from the IRS before you file your Idaho return, enter "Form W-7" in the space provided for the SSN. If you enter "Form W-7," include a copy of your federal Form W-7 with your return. Once you receive your ITIN from the IRS, you must provide it to the Tax Commission before your return can finish processing.

If you receive an SSN after using an ITIN, you must use the SSN and stop using your ITIN. It's your responsibility to notify the Tax Commission so your return can finish processing.

Be sure that your return and W-2 form(s) show the correct SSN or ITIN. An error in your SSN or ITIN will delay your refund.

## AMENDED RETURN

You can use this form as an original return or as an amended return.

If you're filing this form as an amended return, check the box at the top of the form. Enter the number from the following list that best describes your reason for amending:

## TAX COMPUTATION

### LINE 13a AGE 65 OR OLDER

If you're 65 or older, check the box for "Yourself." If you're filing a joint return and your spouse is 65 or older, check the box for "Spouse." If your 65th birthday was on January 1, 2019, you may consider yourself 65 on December 31, 2018. The boxes you check must match your federal return.

### LINE 13b BLIND

Check the box for "Yourself" if you're blind. If you're filing a joint return and your spouse is blind, check the box for "Spouse." The boxes you check must match your federal return.

### LINE 13c CLAIMED DEPENDENT

If your parents or someone else can claim you as a dependent on their tax return, check this box.

## LINES 14-17 ITEMIZED OR STANDARD DEDUCTIONS

Most people can find their standard deduction by looking at the instructions to the left of Form 40, line 17. Use the Standard Deduction Worksheet on the next page to calculate your standard deduction if:

- You check any boxes on lines 13a through 13c or
- Someone can claim you or your spouse if filing jointly, as a dependent

You can use either your federal itemized deductions or standard deduction, whichever benefits you more. (For exceptions, see **You Must Itemize.**)

Your itemized deductions are the same as those used on your federal Form 1040. Idaho requires that all state or local income or general sales taxes shown on federal Schedule A be subtracted from your total itemized amount before you use this figure to reduce your income. Because of this add back, it may be more beneficial to itemize for federal purposes, but use the standard deduction for Idaho.

If the IRS considers you or your spouse a nonresident alien and you aren't from India, your standard deduction is zero. If you're nonresident aliens from India, use the standard deduction indicated for your filing status.

**Federal Foreign Tax Credit**

If you claim the federal foreign tax credit, Idaho allows that amount as a deduction. Idaho doesn't have a credit that matches the federal foreign tax credit.

Add the amount you claimed for the federal foreign tax credit to your Idaho itemized deductions.

If line 16 is more than line 17, use your itemized deductions on line 16. If line 17 is more than line 16, use your standard deduction on line 17.

**You Must Itemize if:**

- You're married, filing a separate return (filing status 3), and your spouse itemizes
- You had dual status as a nonresident alien for part of 2018 and during the rest of the year you were a resident alien or a U.S. citizen

However, you don't have to itemize if you file a joint return with your spouse who was a U.S. citizen or resident at the end of 2018 and you and your spouse agree to be taxed on your combined worldwide income.

**STANDARD DEDUCTION WORKSHEET**

Use this worksheet if someone can claim you, or your spouse if filing jointly, as a dependent; you or your spouse were born before January 2, 1954; or were blind.

1. Enter the amount shown below for your filing status:
  - Single or married filing separately, enter \$12,000
  - Married filing jointly or qualifying widow(er), enter \$24,000
  - Head of household, enter \$18,000 .....
2. Can you be claimed as a dependent?
  - No. Enter the amount from line 1 on line 4
  - Skip line 3
  - Yes. Go to line 3
3. Is your earned income\* more than \$700?
  - Yes. Add \$350 to your earned income
  - Enter the total
  - No. Enter \$1,050 .....
4. Enter the smaller of lines 1 or 3. If born after January 1, 1954, and not blind, enter this amount on line 5. Otherwise, go to line 5 .....
5. If born before January 2, 1954, or blind, multiply the total number of boxes checked on Form 40, lines 13a and 13b, by \$1,300 (\$1,600 if single or head of household) .....
6. Add lines 4 and 5. Enter the total here and on Form 40, line 17 .....

\***Earned income** includes wages, salaries, tips, professional fees, and other compensation received for personal services you performed. It also includes any amount received as a scholarship that you must include in your income. See **Gross Income** in **General Information**. Generally, your earned income is the total of the amount(s) you reported on federal Form 1040.

**LINE 20 TAX**

Enter the tax on this line. If line 19 is less than \$100,000, use the **tax tables** on page 39. If line 19 is \$100,000 or more, use the **tax rate schedules** on page 50. Be sure you use the correct column in the tax table or the correct schedule for your filing status. See the example at the beginning of the tax table.

If you don't meet the filing requirement (see page 2) and are filing only to receive a refund of withheld taxes, write "NRF" (Not Required to File) on this line.

**CREDITS**

**LINE 22 INCOME TAX PAID TO OTHER STATES**

When both Idaho and another state tax the same income, you may be entitled to a credit for tax paid to the other state(s). Use Form 39R to compute the credit. You must include a copy of the other state's income tax return and Form 39R. If credit applies to more than one state, use a separate Form 39R for each state. See instructions, page 26.

You may be entitled to a credit for tax paid to another state by a pass-through entity. If a pass-through entity paid tax to another state on your behalf, it should report that information to you.

Examples of income that may be taxed by both Idaho and another state include:

- Wages earned in another state that has an income tax, such as Oregon or Utah, while living in Idaho
- Income from a business or profession earned in another state that has an income tax, while a resident of Idaho

**LINE 23 TOTAL CREDITS FOR CHARITABLE CONTRIBUTIONS AND LIVE ORGAN DONATIONS**

You may be eligible for a credit if you made a contribution to a:

- Qualified Idaho educational entity,
- Center for independent living,
- Youth or rehabilitation facility or its foundation, or a
- Nonprofit substance abuse center licensed by the Idaho Department of Health and Welfare; or
- Donated a qualified organ that's transplanted into another individual.

Complete Form 39R, Part E and see page 26 for specific instructions. Enter the total allowed credit from Form 39R, Part E, line 4 and include Form 39R with your return.

**LINE 24 TOTAL BUSINESS INCOME TAX CREDITS**

Enter the total allowed business income tax credits from Form 44, Part I, line 9. See page 37 for specific instructions. Include Form 44.

**LINE 25 IDAHO CHILD TAX CREDIT WORKSHEET**

To qualify for the Idaho Child Tax Credit, the child must:

- Be your dependent
- Be age 16 or under as of December 31, 2018, and
- Have lived with you for more than half of the year

If you don't have a qualifying child, you can't claim the credit.

For divorced parents or parents who don't live together, the custodial parent claims the qualifying child.

### LINE 25 OTHER DEDUCTIONS

You may qualify for an Idaho deduction if you claimed any of the following items on federal Schedule 1, lines 23 or 24 relating to:

- Reservists
- Performing artists
- Fee-based government officials
- Educator expenses
- A write-in deduction for rental of personal property
- Reforestation amortization and expenses\*
- Repayment of supplemental unemployment benefits
- Attorney fees and court costs
- Jury duty pay

Divide the amount of income relating to that item included in Idaho total income by the income relating to the item included in federal adjusted gross income. This percentage is multiplied by the deduction claimed on your federal return to calculate the deduction allowed on your Idaho return. For example, divide Idaho jury pay, included in Idaho total income, by total jury pay included in federal adjusted gross income, to arrive at a percentage (can't exceed 100%). Multiply that percentage by the amount of the jury pay claimed as a deduction on your federal return. Repeat this step for each of the deductions mentioned above, total the result for each deduction, and enter the amount on line 25. Include a copy of your calculations with your return.

\*If there's no income from the related timber operations for the year of the reforestation deduction, the deduction for reforestation is based on the percentage of property in Idaho to total property the reforestation amortization and expense relates to.

### TAX PREPARER CONTACT BOX

This box applies only if you paid a tax preparer to complete your return. If you check the box, you're authorizing the Tax Commission to discuss your return with the paid preparer identified on the return.

You're also authorizing the paid preparer to:

- Give the Tax Commission any information that's missing from your return and
- Call the Tax Commission for information about the processing of your return or the status of your refund or payments

You're not authorizing the paid preparer to receive any refund check, bind you to anything including any additional tax liability, or otherwise represent you before the Tax Commission.

This authorization is valid for up to 180 days from the date the Tax Commission receives the return. If you want the Tax Commission to contact you rather than your preparer, leave the box blank.

## TAX COMPUTATION

### LINE 33a AGE 65 OR OLDER

If you're 65 or older, check the box for "Yourself." If you're filing a joint return and your spouse is 65 or older, check the box for "Spouse." If your 65th birthday was on January 1, 2019, you may consider yourself 65 on December 31, 2018. The boxes you check must match your federal return.

### LINE 33b BLIND

If you're blind, the box for "Yourself" must be checked. If you're filing a joint return and your spouse is blind, check the box for "Spouse." The boxes you check must match your federal return.

### LINE 33c CLAIMED DEPENDENT

If your parents or someone else can claim you as a dependent on their tax return, check this box.

### LINES 34-36 ITEMIZED OR STANDARD DEDUCTIONS

Most people can find their standard deduction by looking at the instructions to the left of Form 43, line 36. Use the Standard Deduction Worksheet below to calculate your standard deduction if:

- You check any boxes on lines 33a through 33c or
- Someone can claim you or your spouse if filing jointly, as a dependent

You can use either your federal itemized deductions or standard deduction, whichever benefits you more. For exceptions, see **You Must Itemize**.

If the IRS considers you or your spouse nonresident aliens and you aren't from India, your standard deduction is zero. If you're nonresident aliens from India, use the standard deduction indicated for your filing status.

Your itemized deductions are the same as those used on your federal Form 1040. Idaho requires that all state or local income or general sales taxes shown on federal Schedule A be subtracted from your total itemized amount before you use this figure to reduce your income. Because of this add back, it may be more beneficial to itemize for federal purposes, but use the standard deduction for Idaho.

If line 35 is more than line 36, use your itemized deductions on line 35. If line 36 is more than line 35, use your standard deduction on line 36.

#### You Must Itemize if:

- You're married, filing a separate return (filing status 3), and your spouse itemizes
- You were a nonresident alien for any part of 2018

You don't have to itemize if you file a joint return with your spouse who was a U.S. citizen or resident at the end of 2018 and you and your spouse agree to be taxed on your combined worldwide income.

## PART A. ADDITIONS

### LINE 1 FEDERAL NET OPERATING LOSS (NOL) CARRYOVER

Generally the allowable federal NOL carryover isn't the same amount allowed on the Idaho return. Enter any NOL carryover included on your federal return. You'll claim the allowable Idaho NOL carryover as a subtraction on Part B, line 1.

### LINE 2 CAPITAL LOSS CARRYOVER

If you claimed a capital loss or carryover from activities not taxable by Idaho or before you became an Idaho resident, enter on line 2 the amount used in calculating your net capital gain/loss reported on your federal Schedule D.

Example: For the current tax year you reported capital loss carryovers totaling \$40,000 that were incurred before moving to Idaho. These are used to offset \$26,000 of Idaho capital gains earned in the current year, resulting in a capital loss of \$3,000 allowed on the federal return. For the current tax year, you must add back \$29,000 on line 2 (\$26,000 gain offset + \$3,000 loss allowed). The remainder of the \$11,000 loss carryover must be added back in future years to the extent allowed as a loss and used to offset gain.

### LINE 3 NON-IDAHO STATE AND LOCAL BOND INTEREST AND DIVIDENDS

Enter the amount of interest and dividends, less the related expenses, you received from municipal bonds of other state governments, including their counties or cities, or from obligations of any foreign country. This income isn't reported on your federal return.

This includes your distributive share of interest and dividends not taxable under the IRC from Form ID K-1, Part IV, Column B, line 20. Don't include the interest income from Idaho municipal securities reported on Form ID K-1, Part IV, Column B, line 23.

### LINE 4 IDAHO COLLEGE SAVINGS ACCOUNT WITHDRAWAL

If you make a nonqualified withdrawal from an Idaho college savings account, enter the amount withdrawn less any amounts reported on your federal Form 1040.

Include on line 4 withdrawals from Idaho College Savings Programs that are transferred to a qualified program operated by another state. The amount added back is limited to your contributions deducted in the year of transfer and the previous tax year.

### LINE 5 BONUS DEPRECIATION

If you claimed bonus depreciation for federal purposes for property acquired before 2008 or after 2009:

- Complete a separate federal Form 4562 or detailed computation for Idaho depreciation purposes as if the special depreciation allowance hadn't been claimed
- Compute the Idaho adjusted basis and any gains or losses from the sale or exchange of the property using the Idaho depreciation amounts
- If the federal depreciation (including gains and losses) is more than the Idaho depreciation (including Idaho gains and losses), include the difference on this line; otherwise, enter the difference on Part B, line 21

Include on this line your distributive share of bonus depreciation from Form ID K-1, Part IV, Column B, line 21

Don't enter any amounts for property acquired during 2008 and 2009.

## LINE 6 OTHER ADDITIONS

### Retirement Plan Lump-Sum Distributions

Enter the taxable amount of a lump-sum distribution from a retirement plan reported on federal Form 4972. The amount taxable by Idaho includes the ordinary income portion and the amount eligible for the federal capital gain election.

### Partner And Shareholder Additions

Include on this line the state, municipal, and local income tax additions from Form ID K-1, Part IV, Column B, line 19 and the other additions from Form ID K-1, Part IV, Column B, line 22.

### Idaho Medical Savings Account Withdrawals

If you withdraw funds from an Idaho medical savings account and don't use the funds to pay eligible medical expenses, Idaho taxes the withdrawal. Report this amount as an other addition. Eligible medical expenses include medical care, vision care, dental care, medical insurance premiums, and long-term care expenses.

If you make a taxable withdrawal and you're under age 59 1/2, penalty applies to the withdrawal. The penalty is 10% of the amount withdrawn. Report the penalty on Form 40, line 52, and check the box for an unqualified withdrawal.

### Non-Idaho Passive Losses

If you claimed a passive loss that was incurred from activities not taxable by Idaho or before you became an Idaho resident, enter the amount reported on your federal return.

## PART B. SUBTRACTIONS

### LINE 1 IDAHO NET OPERATING LOSS (NOL) CARRYOVER AND CARRYBACK

Enter the Idaho NOL carryover. Include Form 56 or a schedule showing the application of the loss.

If this is an amended return to claim an NOL carryback, enter the amount of the NOL carryback. Include Form 56 or a schedule showing the application of the loss.

Enter the total of the NOL carryover and carryback amounts.

### LINE 2 STATE INCOME TAX REFUND

If you itemized your deductions on your 2017 federal Form 1040, enter the amount of all state income tax refunds included in income on federal Schedule 1, line 10.

### LINE 3 INTEREST FROM U.S. GOVERNMENT OBLIGATIONS

Idaho doesn't tax interest income you received from U.S. government obligations. Deduct any U.S. government interest included in federal adjusted gross income, Form 40, line 7. Examples of U.S. government obligations include:

- Banks for Cooperatives
- Federal Farm Credit Banks
- Federal Financing Bank
- Federal Homeowners Loan Bank
- Federal Intermediate Credit Bank
- Federal Land Bank
- Guam
- Puerto Rico
- Student Loan Marketing Association
- Tennessee Valley Authority Bonds
- Territory of Alaska
- Territory of Hawaii
- Territory of Samoa
- U.S. Series EE and HH Bonds
- U.S. Treasury Bills and Notes
- Virgin Islands

# FORM 39R

Idaho taxes interest income received from the Federal National Mortgage Association (FNMA) and the Government National Mortgage Association (GNMA).

If you have interest income from a mutual fund that invests in both nonexempt securities and exempt U.S. government securities, you can deduct the portion of the interest that's attributable to direct U.S. government obligations. This amount must be identified by the mutual fund to be deductible.

This includes your distributive share from Form ID K-1, Part IV, line 24.

## LINE 4 ENERGY EFFICIENCY UPGRADE

To qualify for this deduction, your Idaho residence must have existed, been under construction, or had a building permit issued on or before January 1, 2002, and must be your primary residence.

Energy efficiency upgrade means an energy efficiency improvement to your residence's envelope or duct system that meets or exceeds the minimum value for the improved component established by the version of the International Energy Conservation Code (IECC) in effect in Idaho during the tax year when the improvement is made.

Energy efficiency upgrades include:

- Insulation that's added to, not replacing, existing insulation. Insulated siding doesn't qualify unless the cost of the siding and the insulating material is stated separately. The cost of the insulating material is the only thing that qualifies
- Windows that replace less efficient existing windows
- Storm windows
- Weather stripping and caulking
- Duct sealing and insulation. Duct sealing requires mechanical fastening of joints and mastic sealant

The amount charged for labor to install the energy efficiency upgrades is also deductible.

Storm doors don't qualify for this deduction.

## LINE 5 ALTERNATIVE ENERGY DEVICE DEDUCTION

If you install an alternative energy device in your Idaho residence, you can deduct a portion of the amount actually paid or accrued (billed but not paid).

In the year the device is placed in service, you can deduct 40% of the cost to construct, reconstruct, remodel, install, or acquire the device, but not more than \$5,000.

In the next three years after installation, you can deduct 20% of these costs per year, but not more than \$5,000 in any year.

Qualifying devices include:

- A system using solar radiation, wind, or geothermal resource primarily to provide heating or cooling, or produce electrical power, or any combination thereof
- A fluid-to-air heat pump operating on a fluid reservoir heated by solar radiation or geothermal resource, but not an air-to-air heat pump unless it uses geothermal resources as part of the system
- A natural gas or propane heating unit that replaces a noncertified wood stove
- An Environmental Protection Agency (EPA)-certified wood stove or pellet stove meeting the most current industry and state standards that replaces a noncertified wood stove

A noncertified wood stove is a wood stove that doesn't meet the most current EPA standards. You must take the noncertified wood stove to a site authorized by the Division of Environmental

Quality (DEQ) within 30 days from the date of purchase of the qualifying device. The DEQ will give you a receipt to verify they received and destroyed the noncertified wood stove.

You must install the natural gas or propane heating unit, the EPA-certified wood stove, or pellet stove the same tax year that you surrender the nonqualifying wood stove to the DEQ.

## LINES 5a - 5d

Complete the line(s) that apply to the year you acquired the device(s). For example, if your device was acquired in 2015, complete line 5d. Enter the device type and total cost. Multiply the total cost by the appropriate percentage. Line 5e can't be more than \$5,000.

## LINE 6 CHILD AND DEPENDENT CARE

If you claimed the federal Credit for Child and Dependent Care Expenses, you're allowed an Idaho deduction for the child care expenses you paid for the care of your dependents. The Idaho deduction is a different amount than the federal credit.

Complete this worksheet to determine your Idaho child or dependent care deduction. Refer to federal Form 2441 to determine amounts to enter on lines 1 through 6.

1. Enter the amount of qualified expenses you incurred and paid in 2018. Don't include amounts paid by your employer or excluded from taxable income \_\_\_\_\_
2. Enter \$3,000 for one child or dependent, or \$6,000 for more than one child or dependent, cared for during the year \_\_\_\_\_
3. Enter excluded benefits from Part III of Form 2441 \_\_\_\_\_
4. Subtract line 3 from line 2. If zero or less, stop. You can't claim the deduction \_\_\_\_\_
5. Enter your earned income \_\_\_\_\_
6. If married filing a joint return, enter your spouse's earned income. All others enter the amount from line 5 \_\_\_\_\_
7. Enter the smallest of line 1, 4, 5, or 6 here and on Form 39R, Part B, line 6 \_\_\_\_\_

Include federal Form 2441, Child and Dependent Care Expenses, with your return.

## LINE 7 SOCIAL SECURITY AND RAILROAD BENEFITS

Idaho doesn't tax Social Security benefits, benefits paid by the Railroad Retirement Board, or Canadian Social Security benefits (OAS, QPP, or CPP) that are taxable on your federal return.

Exempt payments from the Railroad Retirement Board include:

- Retirement, supplemental, and disability annuities
- Unemployment and sickness benefits

Enter the taxable amount of Social Security benefits from Form SSA-1099 or Social Security Equivalent railroad benefits from Form RRB-1099 included on your federal Form 1040, line 5b. Don't enter the amount reported on Form 1040, line 5a.

Enter the taxable amount of Non-Social Security Equivalent railroad benefits from Form RRB-1099-R included on your federal Form 1040, line 4b. Don't enter the amount reported on Form 1040, line 4a.

If subtracting benefits from the Railroad Retirement Board, you must include Form RRB-1099 or RRB-1099-R with your return.

Disability pension paid by the Federal Railroad Retirement Act may be included on Form 1040, line 1 as wages, if you're under the minimum retirement age.

# FORM 39R

## LINE 8 RETIREMENT BENEFITS DEDUCTION FOR QUALIFIED RETIREMENT BENEFITS

You may be able to deduct some of the qualifying retirement benefits and annuities you receive.

The Idaho Retirement Benefit Deduction has a two-part qualification. You must qualify for **both parts** to receive this deduction.

### Part One - Age, Disability, and Marital/Filing Status

The recipient(s) must be at least age 65 or be classified as disabled and be at least age 62.

The following individuals are classified as disabled:

- An individual recognized as disabled by the Social Security Administration, the Railroad Retirement Board or the Office of Management and Budget
- A veteran of a U.S. war with a service-connected disability rating of 10% or more
- A veteran of a U.S. war with a nonservice-connected disability pension
- A person who has a physician-certified permanent disability with no expectation of improvement

If you're married, you can't claim this deduction if you file separately. If you're an unremarried widow or widower of a pensioner and receive qualifying survivor benefits, you may be eligible to claim the retirement benefit deduction if you meet the age/disability requirements.

### Part Two - Qualified Retirement Benefits

The recipient(s) must meet the requirements in Part One AND your qualified retirement benefits must be one of the following:

- **Civil Service Employees:** Retirement annuities paid by the United States of America Civil Service Retirement System (CSRS), the Foreign Service Retirement and Disability System (FSRDS), or the offset programs of these two systems. To qualify for the deduction, the employee must have established eligibility before 1984. Retirement annuities paid to a retired federal employee under the Federal Employees Retirement System (FERS) don't qualify for the deduction. If you received a CSA-1099, you can tell if your benefits are paid under the CSRS or FERS by looking at the first digit of the account number shown on your CSA-1099. If the first digit is 7, the benefits are paid out of FERS and don't qualify. If the first digit is 8, look at your Notice of Annuity Adjustment from the Office of Personnel Management. The notice shows how much of your benefits are paid from CSRS and how much are paid from FERS. Only the portion paid from CSRS qualifies for this deduction.
- **Idaho Firefighters:** Retirement benefits paid by the Public Employee Retirement System of Idaho (PERSI) relating to the Firemen's Retirement Fund. If you received a 1099R and your account number includes the FRF (Firemen's Retirement Fund) designation, your benefits may qualify for the deduction. Benefits paid out of the PERSI Base Plan don't qualify for the deduction.
- **Police Officers of an Idaho city:** Retirement benefits paid from the Policemen's Retirement Fund that no longer admits new members and, on January 1, 2012, was administered by an Idaho city or PERSI. Also, benefits paid by PERSI relating to Idaho police officer employment not included in the federal Social Security retirement system. For example, benefits paid out of the city police retirement funds for the cities of Coeur d'Alene, Lewiston, and Pocatello may qualify for the deduction. Similarly, benefits paid by PERSI relating to the old Idaho Falls Policemen's Retirement Fund may qualify for the deduction. If you received a 1099R and your account number includes the IFP (Idaho Falls Police) designation, your benefits may qualify for the deduction. Benefits paid out of the PERSI Base Plan don't qualify for the deduction.
- **Service Members:** Retirement benefits paid by the United States to a retired member of the U.S. military.

Disability pension paid by the Federal Railroad Retirement Act may not be included on your Form RRB-1099 or RRB-1099-R, if you're under the minimum retirement age. Instead it may be included on Form 1040, line 1 as wages.

Complete Part C and include with your return Form(s) 1099 for all qualified retirement benefits claimed.

## LINE 9 TECHNOLOGICAL EQUIPMENT DONATION

Enter the lesser of cost or fair market value of technological equipment donated to a public or nonprofit private elementary or secondary school, public or nonprofit private college or university, public library, or library district located in Idaho. Items that qualify for this deduction are limited to computers, computer software, and scientific equipment or apparatus manufactured within five years of the date of donation. The amount deducted can't reduce Idaho taxable income to less than zero. Any unused deduction can't be carried to another year.

Include on this line your distributive share from Form ID K-1, Part IV, Column B, line 25. The amount entered can't be more than the amount of the pass-through income less deductions of the entity making the contribution.

## LINE 10 IDAHO CAPITAL GAINS DEDUCTION

You may be able to deduct 60% of the capital gain net income reported on federal Schedule D from the sale of qualified Idaho property described below.

- (a) Real property held for at least 12 months, or
- (b) Tangible personal property used in a revenue-producing enterprise and held for at least 12 months. A revenue-producing enterprise means:
  - Producing, assembling, fabricating, manufacturing or processing any agricultural, mineral or manufactured product
  - Storing, warehousing, distributing or selling at wholesale any products of agriculture, mining or manufacturing
  - Feeding livestock at a feedlot
  - Operating laboratories or other facilities for scientific, agricultural, animal husbandry or industrial research, development or testing
- (c) Cattle and horses held for at least 24 months, and other livestock used for breeding held for at least 12 months
- (d) Timber held for at least 24 months

**NOTE:** Gains from the sale of stocks and other intangibles don't qualify.

Complete Idaho Form CG to compute your capital gains deduction.

## LINE 11 MILITARY PAY EARNED OUTSIDE OF IDAHO

If you're serving in the United States Army, Navy, Marine Corps, Air Force, or Coast Guard on active military duty that is continuous and uninterrupted for 120 days, Idaho doesn't tax your active duty military wages for service outside of Idaho. The continuous 120 days don't have to be in the same tax year. Enter your nontaxable military wages.

Don't include military wages earned while stationed in Idaho. Your wage and tax statement (W-2) doesn't show this amount separately and you may have to compute the amount of income earned outside of Idaho. You should see your unit of assignment or use your orders in making the computation. Include a copy of your worksheet.

National Guard or Reserve pay, including annual training pay, generally doesn't qualify as active duty pay unless you've been called into full-time duty for 120 days or more. If you're a commissioned officer of the Public Health Service or of the National Oceanic and Atmospheric Administration militarized by the President of the United States and attached to the armed forces, your active duty military wages earned outside Idaho qualify for this deduction. Enter these wages on line 11.

## FORM 39R

### LINE 12 ADOPTION EXPENSES

If you adopt a child, you can deduct some of the expenses incurred in the adoption. You can claim legal and medical expenses incurred up to a maximum of \$10,000 per adoption. Travel expenses don't qualify. If you incur expenses in two or more years, deduct the costs in the year paid until you meet the \$10,000 limit. The expenses related to an unsuccessful attempt to adopt aren't deductible. If you claim expenses in a year before such a determination, file an amended return to add back any deduction claimed for the unsuccessful attempt.

### LINE 13 IDAHO MEDICAL SAVINGS ACCOUNT CONTRIBUTIONS AND INTEREST

You can contribute up to \$10,000 (\$20,000 if married filing a joint return) to an Idaho medical savings account and deduct the contribution. Deductible contributions don't include reimbursements that were redeposited into your Idaho medical savings account. Don't include amounts deducted on federal Form 1040.

An Idaho medical savings account is generally established with a bank, savings and loan, or credit union. The account is established to pay eligible medical expenses of the account holder and the account holder's dependents.

Include interest earned on the account on line 13, but only if included on Form 40, line 7. Add your qualifying contributions to the interest earned on the account. Enter the name of the financial institution and your account number in the spaces provided.

### LINE 14 IDAHO COLLEGE SAVINGS PROGRAM

You can contribute up to \$6,000 (\$12,000 if married filing a joint return) per year to a qualified Idaho college savings program and deduct the contribution. The account must be established with Ascensus College Savings, Inc. Designate the account owner and beneficiary at the time you establish the account. The account owner can make withdrawals for payment of education expenses for the beneficiary. The person that withdraws the funds must report the amounts withdrawn as income according to IRC Section 529.

More information is available at [idsaves.org](http://idsaves.org) or by calling (866) 433-2533.

### LINE 15 MAINTAINING A HOME FOR AGED AND/OR DEVELOPMENTALLY DISABLED

You can deduct \$1,000 for each family member, not including yourself or your spouse who:

- Is age 65 or older
- You maintain a household for and
- You provide more than one-half of the family member's support for the year

You can deduct \$1,000 for each family member, including yourself and your spouse, who is developmentally disabled and for whom you maintain a household and provide more than one-half of the family member's support for the year.

No more than three deductions of \$1,000 are allowed. If you claim this deduction, you can't claim the \$100 credit in Part F.

Developmental disability means a chronic disability that:

- Is attributable to an impairment such as:
  - Intellectual disability
  - Cerebral palsy
  - Epilepsy
  - Autism
  - Other condition found to be closely related to, or similar to, one of these impairments; and

- Results in substantial functional limitation in three or more of the following areas of life activity:
  - Self-care
  - Receptive and expressive language
  - Learning
  - Mobility
  - Self-direction
  - Capacity for independent living
  - Economic self-sufficiency; and
- Reflects the need for a combination and sequence of special, interdisciplinary or generic care, treatment, or other services which are of lifelong or extended duration and individually planned and coordinated.

If you maintain the home for the family member for less than a full year, the deduction is allowed at the rate of \$83.33 for each month the home was maintained.

A family member is any person who meets the relationship test to be claimed as a dependent on income tax returns. Refer to the federal Form 1040 instructions for more information.

Maintaining a household means paying more than one-half of the expenses incurred for the benefit of all the household's occupants. Social Security benefits aren't support provided by you but must be included in the computation of total support provided. Some examples of expenses of maintaining a household include:

- Property taxes
- Mortgage interest
- Rent
- Utility charges
- Upkeep and repairs
- Property insurance, and
- Food consumed on the premises

### LINE 16 IDAHO LOTTERY WINNINGS

You can deduct Idaho lottery prizes of less than \$600 per prize included in federal adjusted gross income on Form 40, line 7. You can't deduct lottery prizes from other states.

### LINE 17 INCOME EARNED ON A RESERVATION BY AN AMERICAN INDIAN

You can deduct all your income from working on the reservation only when all these criteria are met:

- You're enrolled in a federally recognized tribe
- You live and work on the reservation
- The income is included on Form 40, line 7 of your tax return

If you have no other income, you aren't required to file.

Income earned off the reservation can't be deducted. Income earned on the reservation can't be deducted if you live off the reservation.

### LINE 18 HEALTH INSURANCE PREMIUMS

Deduct premiums you paid for health insurance for yourself, your spouse, and your dependents if those premiums haven't already been deducted or excluded from your income.

If you claimed a deduction for health insurance premiums on your federal Form 1040, Schedule A, use the worksheet on the next page to calculate the deduction allowed for health insurance premiums. The worksheet follows the priority that itemized deductions first apply to health insurance premiums, then to long-term care insurance.

### Idaho Medical Savings Account

If you take money out of your Idaho medical savings account to pay medical insurance premiums, no deduction is allowed. Since the health insurance costs are already deducted or accounted for, they can't be deducted a second time.

# FORM 39R

## Salary Reduction Plans

Premiums paid through a cafeteria plan or other salary-reduction arrangement can't be included in the Idaho deduction for health insurance costs. For example, if your health insurance payments are deducted from your paycheck pretax, they don't qualify for the deduction.

## Business Deductions

Premiums deducted as a business expense can't be included in the Idaho deduction for health insurance costs since these amounts are already deducted. This includes amounts of self-employed health insurance premiums deducted in arriving at federal adjusted gross income.

## Social Security Medicare A And B

No deduction is allowed for the amount paid for employer-required Social Security Medicare A. This is the amount listed as a deduction on almost every federal Form W-2.

If you voluntarily enroll in Medicare B or Medicare D, or aren't covered under Social Security and voluntarily enroll in Medicare A, you can deduct the premiums you paid.

## Idaho Standard Deduction

If you use the Idaho standard deduction instead of itemizing your deductions for Idaho purposes, you don't have to reduce your health insurance costs by any amount claimed as a federal itemized deduction.

## Federal Itemized Deduction Limitations

Reduce the amount of medical expenses allowed as a deduction on federal Form 1040, Schedule A, by 7.5% of adjusted gross income.

The following worksheet shows how the federal limitation affects the amount of health insurance costs deductible for Idaho purposes.

If you aren't itemizing deductions for Idaho, skip lines 1-6 and enter zeros on lines 8, 12, and 13.

## LINE 19 LONG-TERM CARE INSURANCE

You can deduct the amount you paid in premiums for qualified long-term care insurance that isn't otherwise deducted or accounted for. If you claimed a deduction for long-term care insurance on your federal Form 1040, Schedule A, use the worksheet in the instructions for line 18 to calculate the long-term care insurance allowed as a deduction.

Qualified long-term care insurance includes any insurance policy that provides coverage for at least twelve consecutive months for yourself, your spouse, or your dependents for one or more necessary diagnostic, preventive, therapeutic, rehabilitative, maintenance, or personal care services, provided in a setting other than an acute care unit of a hospital. Group and individual annuities and life insurance policies that provide directly or that supplement long-term care insurance qualify. This includes a policy that provides for payment of benefits based upon cognitive impairment or loss of functional capacity.

Qualified long-term care insurance doesn't include any insurance policy that's offered primarily to provide coverage for:

- Basic Medicare supplement
- Basic hospital expense
- Basic medical surgical expense
- Hospital confinement indemnity
- Major medical expense
- Disability income or related asset protection
- Accident only
- Specified disease or specified accident or
- Limited benefit health

Life insurance policies that accelerate death benefits generally don't qualify.

## LINE 20 WORKERS' COMPENSATION INSURANCE

A self-employed individual can deduct the actual cost of amounts paid for workers' compensation insurance coverage in Idaho, if the cost isn't deducted elsewhere.

## LINE 21 BONUS DEPRECIATION

If you claimed the bonus depreciation for federal purposes for property acquired before 2008 or after 2009:

- Complete a separate federal Form 4562 or detailed computation for Idaho depreciation purposes as if the special depreciation allowance hadn't been claimed
- Compute the Idaho adjusted basis and any gains or losses from the sale or exchange of the property using the Idaho depreciation amounts
- If the federal depreciation (including gains and losses) is less than the Idaho depreciation (including Idaho gains and losses), include the difference on this line; otherwise, enter the difference on Part A, line 5

Include on this line your distributive share of bonus depreciation from Form ID K-1, Part IV, Column B, line 26

Don't enter any amounts for property acquired during 2008 and 2009.

## LINE 22 OTHER SUBTRACTIONS

Identify any other subtraction you're eligible for and claim the amount on this line. Don't include income earned in another state as a subtraction.

Don't include foreign taxes as a subtraction, since they're claimed as part of the Idaho itemized deduction, if allowable. See the instructions for **Itemized or Standard Deductions**. Include on this line your distributive share of other subtractions from Form ID K-1, Part IV, Column B, line 27.

# FORM 39R

On this line, include interest from Idaho Build America Bonds that was included in federal adjusted gross income, Form 40, line 7. Don't include on this line any interest from non-Idaho Build America Bonds.

The amount deducted can't be more than the amount of qualified benefits included in federal income.

**LINE 2** Enter the amount of retirement benefits you (and your spouse) received under the Federal Railroad Retirement Act.

Include on this line:

- The Net Social Security equivalent benefit portion, from federal Form RRB-1099, Box 5
- The "total gross paid" amount from federal Form RRB-1099-R, Box 7, minus any repayment from Box 8 and
- Any railroad retirement disability benefit included as wages on federal Form 1040, line 1

**LINE 3** Enter the amount of retirement benefits you (and your spouse) received under the Federal Social Security Act, Box 5 of your Forms SSA-1099. If you or your spouse received Canadian Social Security benefits that you included in your federal taxable income, include those amounts received.

## PART D. CREDIT FOR INCOME TAX PAID TO OTHER STATES

When Idaho and another state tax the same income, you may qualify for a credit for tax paid to the other state. Use this section to compute the credit. Include a complete copy of the other state's income tax return and Idaho Form 39R with your income tax return. If your S corporation or partnership paid income tax to another state on your behalf, include a copy of Form ID K-1 or the schedule you received from the S corporation or partnership that paid the tax. If credit applies to more than one state, use a separate Form 39R for each state.

Examples of income that both Idaho and another state may tax include:

- Wages earned in another state that has an income tax, such as Oregon or Utah, while living in Idaho
- Income from a business or profession earned in another state that has an income tax, while a resident of Idaho

**LINE 1** Enter the tax shown on Form 40, line 20.

**LINE 2** Enter the total portion of federal adjusted gross income derived in the other state, modified to reflect Idaho additions and subtractions. In computing the income derived in the other state, you must reverse any adjustments to federal taxable income allowed by the other state that aren't applicable to Idaho.

Enter your adjusted gross income from the other state restated to a basis comparable to Idaho adjusted income. For example,

if the other state taxes interest received from U.S. obligations, deduct this amount from the other state's adjusted gross income since Idaho doesn't tax this interest.

If your income derived in the other state includes income from an S corporation, partnership, trust, or estate, enter your share of the entity's taxable income correctly reported to the other state plus any other Idaho adjusted gross income from sources in the other state.

**LINE 3** Enter your Idaho adjusted income from Form 40, line 12, if you reported the double-taxed income on an individual income tax return in the other state. However, if the double-taxed income was reported to the other state and taxed as part of an S corporation or partnership composite or group return, enter your federal adjusted income from Form 40, line 7.

**LINE 4** Divide line 2 by line 3. Round to four digits to the right of the decimal point. For example .66666 is rounded to .6667 and is entered as 66.67%. The percentage can't be more than 100%.

**LINE 6** Enter the other state's tax due from its tax table or rate schedule less its income tax credits. If your income derived in the other state was reported on a composite or group return filed by an S corporation or partnership, enter your proportionate share of the tax paid by the S corporation or partnership minus your proportionate share of the income tax credits. Income tax credits are those credits that relate to income tax. An example of a credit that isn't an income tax credit is a special fuels or gasoline tax credit or refund.

**LINE 7** Your allowable credit for tax paid to other states is the smaller of line 5 or line 6. Enter this amount on Form 40, line 22.

Columns A and B: If you're serving in the United States Army, Navy, Marine Corps, Air Force, or Coast Guard on active military duty that's continuous and uninterrupted for 120 days, Idaho doesn't tax your active duty military wages for service outside of Idaho. The continuous 120 days don't have to be in the same tax year. This deduction applies to an Idaho part-year resident who reported the military wages earned outside Idaho as Idaho income on Form 43, line 7.

Enter the amount of wages in Column A and B, line 7, if included on Form 43, line 7. Don't include military wages earned while stationed in Idaho. Your W-2 doesn't show this amount separately and you may have to compute the amount of income earned outside of Idaho. See your unit of assignment or use your orders to make the computation. Include a copy of your worksheet.

National Guard or Reserve pay, including annual training pay, doesn't qualify as active duty pay unless you've been called into full-time duty for 120 days or more. If you're a commissioned officer of the Public Health Service or of the National Oceanic and Atmospheric Administration militarized by the President of the United States and attached to the armed forces, your active duty military wages earned outside Idaho qualify for this deduction. An Idaho medical savings account is generally established with a bank, savings and loan, or credit union. The account is established to pay eligible medical expenses of the account holder and the account holder's dependents.

Include any interest earned on the account on line 8, but only if included on Form 43, line 8. Add your qualifying contributions to the interest earned on the account, and enter the total on line 8.

## LINE 9 IDAHO COLLEGE SAVINGS PROGRAM

You can contribute up to \$6,000 (\$12,000 if married filing a joint return) per year to a qualified Idaho college savings program and deduct the contribution. Travel expenses don't qualify. If you incur expenses in two or more years, deduct the costs in the year paid until you meet the \$10,000 limit. The expenses related to an unsuccessful attempt to adopt aren't deductible. If you claim expenses in a year before the unsuccessful attempt to adopt, file an amended return to add back any deduction claimed for the unsuccessful attempt.

# FORM 39NR

A family member is any person who meets the relationship test to be claimed as a dependent on income tax returns. Refer to the federal Form 1040 instructions for more information on dependents.

Maintaining a household means paying more than one-half of the expenses incurred for the benefit of all the household's occupants. Social Security benefits aren't support provided by you but must be included in the computation of total support provided. Some examples of expenses of maintaining a household include:

- Property taxes
- Mortgage interest

- Property insurance, and
- Food consumed on the premises

The amounts entered in Columns A and B must be the same.

- You live and work on the reservation
- The income is included on Form 43, line 7 of your tax return

## LINE 14 WORKERS' COMPENSATION INSURANCE

Don't enter amounts paid for coverage in other states. The amounts entered in Columns A and B must be the same.

## LINE 15 PARTNERS AND SHAREHOLDERS

Column A: Include the amount of other subtractions included on Form ID K-1, Part IV, Column A, line 27.

Column B: Enter your Idaho apportioned share of the Idaho subtractions from Form ID K-1, Part IV, Column B, line 27.

## LINE 16 ENERGY EFFICIENCY UPGRADE

Columns A and B: To qualify for this deduction, your Idaho residence must have existed, been under construction, or had a building permit issued on or before January 1, 2002 and must be your primary residence.

Energy efficiency upgrades means an energy efficiency improvement to your residence's envelope or duct system that meets or exceeds the minimum value for the improved component established by the version of the International Energy Conservation Code (IECC) in effect in Idaho during the tax year in which the improvement is made.

Energy efficiency upgrades include:

- Insulation that's added to, not replacing, existing insulation. Insulated siding doesn't qualify unless the cost of the siding and the insulating material is stated separately. The cost of the insulating material is the only thing that qualifies
- Windows that replace less efficient existing windows
- Storm windows
- Weather stripping and caulking
- Duct sealing and insulation. Duct sealing requires mechanical fastening of joints and mastic sealant

The amount charged for labor to install the energy efficiency upgrades is also deductible.

Storm doors don't qualify for this deduction.

## LINE 17 TECHNOLOGICAL EQUIPMENT DONATION

Columns A and B: Enter the lesser of cost or fair market value of technological equipment donated to a public or nonprofit private elementary or secondary school, public or nonprofit private college or university, public library, or library district located in Idaho. Items that qualify for this deduction are limited to computers, computer software, and scientific equipment or apparatus manufactured within five years of the date of donation. The amount deducted can't reduce Idaho taxable income to less than zero. Any unused deduction can't be carried to another year.

Columns A and B: Include your distributive share from the appropriate column of Form ID K-1, Part IV, line 25. The deduction from a pass-through entity can't be more than the amount of pass-through income minus deductions of the entity making the contribution.

## LINE 18 HEALTH INSURANCE PREMIUMS

Column A: Deduct premiums you paid for health insurance for yourself, your spouse, and your dependents if those premiums haven't already been deducted or excluded from your income. If you claimed a deduction for health insurance premiums on your federal Form 1040, Schedule A, use the worksheet on the next page to calculate the deduction allowed for health insurance premiums. The worksheet follows the priority that itemized deductions first apply to health insurance premiums, then to long-term care insurance.

## Idaho Medical Savings Account

If you take money out of your Idaho medical savings account to pay medical insurance premiums, no deduction is allowed. Since the health insurance costs are already deducted or accounted for, they can't be deducted a second time.

## Salary Reduction Plans

Premiums paid through a cafeteria plan or other salary-reduction arrangement can't be included in the Idaho deduction for health insurance costs. For example, if your health insurance payments are deducted from your paycheck pretax, then they don't qualify for the deduction.

## Business Deductions

Premiums deducted as a business expense can't be included in the Idaho deduction for health insurance costs since these amounts are already deducted. This includes amounts of self-employed health insurance premiums deducted in arriving at federal adjusted gross income.

## Social Security Medicare A and B

No deduction is allowed for the amount paid for employer-required Social Security Medicare A. This is the amount listed as a deduction on almost every federal W-2.

# FORM 39NR

If you voluntarily enroll in Medicare B or Medicare D, or aren't covered under Social Security and voluntarily enroll in Medicare A, you can deduct the premiums you paid.

## Idaho Standard Deduction

If you use the Idaho standard deduction instead of itemizing your deductions for Idaho purposes, you don't have to reduce your health insurance costs by any amount claimed as a federal itemized deduction.

## Federal Itemized Deduction Limitations

For federal purposes, the amount of medical expenses allowed as a deduction on the federal Form 1040, Schedule A, is required to be reduced by 7.5% of adjusted gross income.

The following worksheet shows how the federal limitation affects the amount of health insurance costs deductible for Idaho purposes.

If you aren't itemizing deductions for Idaho, skip lines 1-6 and enter zeros on lines 8, 12, and 13.

## LINE 19 LONG-TERM CARE INSURANCE

Column A: You can deduct the amount you paid in premiums for qualified long-term care insurance that isn't otherwise deducted or accounted for.

Qualified long-term care insurance includes any insurance policy that provides coverage for at least 12 consecutive months for yourself, your spouse, or your dependents for one or more necessary diagnostic, preventive, therapeutic, rehabilitative, maintenance, or personal care services, provided in a setting other than an acute care unit of a hospital. Group and individual annuities and life insurance policies that provide directly or that supplement long-term care insurance qualify. This includes a policy that provides for payment of benefits based upon cognitive impairment or loss of functional capacity.

Qualified long-term care insurance doesn't include any insurance policy that is offered primarily to provide coverage for:

- Basic Medicare supplement
- Basic hospital expense
- Basic medical surgical expense
- Hospital confinement indemnity
- Major medical expense
- Disability income or related asset protection
- Accident only
- Specified disease or specified accident or
- Limited benefit health

Life insurance policies that accelerate death benefits generally don't qualify.

If you claimed a deduction for long-term care insurance on your federal Form 1040, Schedule A, as an itemized deduction, calculate the long-term care insurance allowed as a deduction by using the worksheet in the instructions for line 18.

Column B: Enter the amount from line 5 of this worksheet.

## LINE 20 ALTERNATIVE ENERGY DEVICE DEDUCTION

Columns A and B: If you install an alternative energy device in your Idaho residence, you can deduct a portion of the amount actually paid or accrued (billed but not paid).

In the year the device is placed in service, you can deduct 40% of the cost to construct, reconstruct, remodel, install, or acquire the device, but not more than \$5,000.

In the next three years after installation, you can deduct 20% of these costs per year, but not more than \$5,000 in any year.

Qualifying devices include:

- A system using solar radiation, wind, or geothermal resource primarily to provide heating or cooling, to produce electrical power, or any combination thereof
- A fluid-to-air heat pump operating on a fluid reservoir heated by solar radiation or geothermal resource but not an air-to-air heat pump unless it uses geothermal resources as part of the system
- A natural gas or propane heating unit that replaces a noncertified wood stove
- An Environmental Protection Agency (EPA)-certified wood stove or pellet stove meeting the most current industry and state standards that replaces a noncertified wood stove

# FORM 39NR

A noncertified wood stove is a wood stove that doesn't meet the most current EPA standards. You must take the noncertified wood stove to a site authorized by the Division of Environmental Quality (DEQ) within 30 days from the date of purchase of the qualifying device. The DEQ will give you a receipt to verify they received and destroyed the noncertified wood stove.

You must install the natural gas or propane heating unit, the EPA-certified wood stove or pellet stove in the same tax year that the nonqualifying wood stove is turned in to the DEQ.

**LINES 20a - 20d** Complete the line(s) that apply to the year you acquired the device(s). For example, if your device was acquired in 2015, complete line 20d. Enter the device type and total cost. Multiply the total cost by the appropriate percentage. Line 20e can't be more than \$5,000.

## LINE 22 RETIREMENT BENEFITS DEDUCTION FOR QUALIFIED RETIREMENT BENEFITS

You may be able to deduct some of the qualifying retirement benefits and annuities you receive.

The Idaho Retirement Benefit Deduction has a two-part qualification. You must qualify for **both parts** to receive this deduction.

### Part One - Age, Disability, and Marital/Filing Status

The recipient(s) must be at least age 65 or be classified as disabled and be at least age 62.

The following individuals are classified as disabled:

- An individual recognized as disabled by the Social Security Administration, the Railroad Retirement Board or the Office of Management and Budget
- A veteran of a U.S. war with a service-connected disability rating of 10% or more
- A veteran of a U.S. war with a nonservice-connected disability pension
- A person who has a physician-certified permanent disability with no expectation of improvement

If you're married, you can't claim this deduction if you file separately. If you're an unmarried widow or widower of a pensioner and receive qualifying survivor benefits, you may be eligible to claim the retirement benefits deduction if you meet the age/disability requirements.

### Part Two - Qualified Retirement Benefits

The recipient(s) must meet the requirements in Part One AND your qualified retirement benefits must be one of the following:

- **Civil Service Employees:** Retirement annuities paid by the United States of America Civil Service Retirement System (CSRS), the Foreign Service Retirement and Disability System (FSRDS), or the offset programs of these two systems. To qualify for the deduction, the employee must have established eligibility before 1984. Retirement annuities paid to a retired federal employee under the Federal Employees Retirement System (FERS) don't qualify for the deduction. If you received a CSA-1099, you can tell if your benefits are paid under the CSRS or FERS by looking at the first digit of the account number shown on your CSA-1099. If the first digit is 7, the benefits are paid out of FERS and don't qualify. If the first digit is 8, look at your Notice of Annuity Adjustment from the Office of Personnel Management. The notice shows how much of your benefits are paid from CSRS and how much are paid from FERS. Only the portion paid from CSRS qualifies for this deduction.
- **Idaho Firefighters:** Retirement benefits paid by the Public Employee Retirement System of Idaho (PERSI) relating to the Firemen's Retirement Fund. If you received a 1099R and your account number includes the FRF (Firemen's Retirement Fund) designation, your benefits may qualify for the deduction. Benefits paid out of the PERSI Base Plan don't qualify for the deduction.

- **Police Officers of an Idaho city:** Retirement benefits paid from the Policemen's Retirement Fund that no longer admits new members and, on January 1, 2012, was administered by an Idaho city or PERSI. Also, benefits paid by PERSI relating to Idaho police officer employment not included in the federal Social Security retirement system. For example, benefits paid out of the city police retirement funds for the cities of Coeur d'Alene, Lewiston, and Pocatello may qualify for the deduction. If you received a 1099R and your account number includes the IFP (Idaho Falls Police) designation, your benefits may qualify for the deduction. Similarly, benefits paid by PERSI relating to the old Idaho Falls Policemen's Retirement Fund may qualify for the deduction. Benefits paid out of the PERSI Base Plan don't qualify for the deduction.
- **Service Members:** Retirement benefits paid by the United States to a retired member of the U.S. military.

Disability pension paid by the Federal Railroad Retirement Act may not be included on your Form RRB-1099 or RRB-1099-R, if you're under the minimum retirement age. Instead it may be included on Form 1040, line 1, as wages.

The maximum amounts that may be deducted for 2018 are:

### Married filing jointly:

- Recipient age 65 or older ..... \$50,184
- Recipient age 62 or older and disabled ..... \$50,184

### Single:

- Age 65 or older ..... \$33,456
- Age 62 or older and disabled ..... \$33,456

These amounts must be reduced by retirement benefits received by you and your spouse under the Federal Social Security Act and the Federal Railroad Retirement Act.

Include with your return Form(s) 1099 for all qualified retirement benefits claimed.

**LINE 22a** Enter \$50,184 or \$33,456, whichever is applicable to your filing status. Note: Only one deduction is allowed even though you and your spouse receive more than one annuity.

**LINE 22b** Enter the amount of retirement benefits you (and your spouse) received under the Federal Railroad Retirement Act.

Include on this line:

- The Net Social Security equivalent benefit portion, from federal Form RRB-1099, Box 5
- The "total gross paid" amount from federal Form RRB-1099-R, Box 7, minus any repayment from Box 8 and
- Any railroad retirement disability benefit included as wages on federal Form 1040, line 1

**LINE 22c** Enter the amount of retirement benefits you (and your spouse) received under the Federal Social Security Act, Box 5 of your Forms SSA-1099. If you or your spouse receive Canadian Social Security benefits that you included in your federal taxable income, include those amounts received.

**LINE 22e** Enter the amount of qualified retirement benefits included on Form 43, line 28, Column A.

**LINE 22g** Enter the amount of qualified retirement benefits included in Idaho gross income. This amount must have been included on Form 43, line 28, Column B.

**LINE 22h** Divide line 22g, Column B, by line 22e, Column A. Round the percentage to the nearest whole number. For example, 45.49% is entered as 45%; 45.50% is entered as 46%.

## LINE 23 NONRESIDENT MILITARY PAY

Column A: If you're a nonresident of Idaho, enter the amount of military pay included on Form 43, line 28, Column A.

# FORM 39NR

## LINE 24 BONUS DEPRECIATION

If you claimed bonus depreciation for federal purposes for property acquired before 2008 or after 2009:

- Complete a separate federal Form 4562 or detailed computation for Idaho depreciation purposes as if the special depreciation allowance hadn't been claimed
- Compute the Idaho adjusted basis and any gains or losses from the sale or exchange of the property using the Idaho depreciation amounts
- If the federal depreciation (including gains and losses) is less than the Idaho depreciation (including Idaho gains and losses), include the difference on this line; otherwise, enter the difference on Part A, line 3

Include the federal Form(s) 4562 or detailed computations used to compute the depreciation and gains and losses.

Don't enter any amounts for property acquired during 2008 and 2009.

Column A: If the federal depreciation (including gains and losses) is less than the depreciation (including gains and losses) calculated without the bonus depreciation, include the difference on line 24.

If you're a shareholder in an S corporation or a partner in a partnership that has Idaho source income, include your distributive share of bonus depreciation from Form ID K-1, Part IV, Column A, line 26.

Column B: If the federal depreciation (including gains and losses) is less than the Idaho depreciation (including Idaho gains and losses), include the difference on line 24.

Enter on this line your apportioned share of bonus depreciation from Form ID K-1, Part IV, Column B, line 26. The amount must be included as part of Form 43, line 27, Idaho Adjusted Gross Income.

## LINE 25 OTHER SUBTRACTIONS

Columns A and B: Identify any other subtraction you're eligible for and claim the amount on this line.

Don't include foreign taxes as a subtraction, since they're claimed as part of the Idaho itemized deduction, if allowed. See the instructions for **Itemized or Standard Deductions**. Don't include other subtractions from Form ID K-1, Part IV, line 27 on this line. Include Form ID K-1, Part IV, line 27 other subtractions on line 15.

On this line in the applicable column, include interest from Idaho Build America Bonds that was included on Form 43, line 28, Column A and B. Don't include on this line any interest from non-Idaho Build America Bonds.

## PART C. INCOME TAX PAID TO OTHER STATES BY PART-YEAR RESIDENTS

### NONRESIDENTS DON'T QUALIFY FOR THIS CREDIT.

When Idaho and another state tax the same income while you're an Idaho resident, you may be eligible for a credit for tax paid to the other state.

Use this section to compute the credit. Include a complete copy of the other state's income tax return and Idaho Form 39NR with your income tax return. If your S corporation or partnership paid income tax to another state on your behalf, include a copy of Form ID K-1 or the schedule received from the S corporation or partnership that paid the tax. If credit applies to more than one state, use a separate Form 39NR for each state.

Examples of income that both Idaho and another state may tax include:

- Wages earned in another state that has an income tax, such as Oregon or Utah, while living in Idaho
- Income from a business or profession earned in another state that has an income tax, while a resident of Idaho

**LINE 1** Enter your Idaho adjusted income from Form 43, line 32, Column B, if you reported the double-taxed income on an individual income tax return in the other state. If the double-taxed income was reported to the other state and taxed as part of an S corporation or partnership composite or group return, enter your federal adjusted gross income from Form 43, line 28, Column A.

**LINE 2** Enter the total portion of federal adjusted gross income derived in the other state, modified to reflect Idaho additions and subtractions. In computing the income derived in the other state, reverse any adjustments to federal taxable income allowed by the other state that aren't applicable to Idaho.

Enter your adjusted gross income from the other state restated to a basis comparable to Idaho adjusted income. For example, if the other state taxes interest received from U.S. obligations, deduct this amount from the other state's adjusted gross income as Idaho doesn't tax this interest.

If your income derived in the other state includes income from an S corporation, partnership, trust, or estate, enter your share of the entity's taxable income correctly reported to the other state plus any other Idaho adjusted gross income from sources in the other state.

**LINE 3** Enter the amount of income that is taxed twice. Only income that is taxed by Idaho and also taxed by another state is double-taxed.

**LINE 4** Enter the tax shown on Form 43, line 41.

**LINE 5** Divide line 3 by line 1. Round to four digits to the right of the decimal point. For example .66666 is rounded to .6667 and is entered as 66.67%. The percentage can't be more than 100%.

**LINE 7** Enter the other state's tax due from its tax table or rate schedule less its income tax credits. If your income derived in the other state was reported on a composite or group return filed by an S corporation or partnership, enter your proportionate share of the tax paid by the S corporation or partnership minus your proportionate share of the income tax credits. Income tax credits are those credits that relate to income tax. An example of a credit that isn't an income tax credit is a special fuels or gasoline tax credit or refund.

**LINE 8** Divide line 3 by line 2. Round to four digits to the right of the decimal point. For example .66666 is rounded to .6667 and is entered as 66.67%. The percentage can't be more than 100%.

**LINE 10** Your allowable credit for income tax paid to other states is the smaller of lines 6 or 9. Enter this amount on Form 43, line 42.

## PART D. INCOME TAX PAID TO OTHER STATES BY IDAHO RESIDENTS ON ACTIVE MILITARY DUTY

When both Idaho and another state tax the same income, you may be eligible for a credit for tax paid to the other state.

Use this section to compute the credit. You must include a complete copy of the other state's income tax return and Idaho Form 39NR with your income tax return. If your S corporation or partnership paid income tax to another state on your behalf, include a copy of Form ID K-1 or the schedule you received from the S corporation or partnership that paid the tax. If credit applies to more than one state, use a separate Form 39NR for each state.

If your income derived in the other state includes income from an S corporation, partnership, trust, or estate, enter your share of the entity's taxable income correctly reported to the other state plus any other Idaho adjusted gross income from sources in the other state.

**LINE 3** Enter your Idaho adjusted income from Form 43, line 32, Column B, if you reported the double-taxed income on an individual income tax return in the other state. However, if the double-taxed income was reported to the other state and taxed as part of an S corporation or partnership composite or group return, enter your federal adjusted gross income from Form 43, line 28, Column A.

Example: Mr. and Mrs. Brown are filing a joint return. Their taxable income on Form 40, line 19, or Form 43, line 40, is \$25,360. First, they find the \$25,350 - \$25,400 income line. Next they find the column for married filing jointly and read down the column. The amount shown where the income line and filing status column meet is \$1,238. This is the tax amount they must write on Form 40, line 20, or Form 43, line 41.
