

AGO449  
AG-BASE COST ENTRY/UPDATE

PURPOSE OF ONLINE PROGRAM:

This program is used to enter or update data in the Base Cost file.

<u>FIELD</u>	<u>LENGTH</u>	<u>DECIMAL POSITIONS</u>	<u>ALPHA (A) OR NUMERIC (N)</u>
Category	2		N
Location	3		A
Class	4		A
Type	4		A
Value (Per Acre)	7	2	N
Value Per Item	1		A

COMMAND KEY OPTIONS:

- CMD 3 - Exit
- CMD 5 - Refresh
- CMD 6 - Add New Entry
- CMD 12 - Cancel
- CMD 23 - Delete

OUTPUT SUMMARY (OR N/A):

None

SPECIAL CONSIDERATIONS:

Value Per Item Enter an X in this field if the value is not a per acre value. This makes the value entered the total value regardless of the number of acres.

Category/Location/Class

These fields can be duplicated by using a CMD 1.

**NOTE:** Do not delete a classification out of the base cost file until you have updated all parcels that have a record with that classification.
