

# 2008 Personal Property Taxes and Industrial Property Taxes

January 22, 2009

The attached tables provide detailed information concerning personal property taxes by county and by economic sector. Additional information and breakdowns are found for various types of industrial property. Information on these tables is summarized in Charts I and II.

**Chart I: Personal Property Taxes by Sector**

Personal Property Type	2008 Market Value (\$Millions)	2008 Property Tax (\$Thousands)
Electricity production and related products	4.0	71
Seed, grain processing or storage, and dairy	255.5	2,854
Technology related	1,116.0	14,597
Mining, chemicals, and fertilizer	462.2	4,208
Wood processing	519.5	4,416
Food Processing	995.8	12,989
Utilities	3,152.4	30,975
Other industrial	345.8	4,293
Misc. non-industrial personal property	2,911.8	36,315
<b>Subtotal</b>	<b>9,763.0</b>	<b>110,718</b>
Undifferentiated personal property tax included in urban renewal increment value	423.3	6,050
<b>Total</b>	<b>10,186.3</b>	<b>116,768</b>

While the total property tax shown in Chart I is lower than the total indicated in Chart I in the 2007 version of this report, the methodology has been changed and, therefore, the figures must be adjusted to be compared. In 2008, the following property categories (shown by number and title in the table below) previously included as personal property have been removed and are considered to be real property for the current analysis. These include:

<b>51</b>	<b>57</b>	<b>60</b>	<b>61</b>
Commercial or Industrial Improvements on Leased Land	Equities in State Property	Improvements on Railroad Rights of Way	Improvements by Lessee other than Cat. 62
<b>62</b>	<b>65</b>	<b>66</b>	
Improvements on Exempt or Public Land	Manufactured Housing on Exempt Land	Net Profits of Mines	

Had the categories of property shown in the preceding table been similarly excluded (assigned to real property) in 2007, the amount corresponding to personal property taxes (other than those attributed to urban renewal districts) would have been \$105.3 million as opposed to the \$110.7 million shown as a subtotal in Chart I. Hence, personal property taxes (excluding urban renewal district amounts) increased 5.1% in 2008 against the backdrop of an 8% increase in total property taxes.

**Chart II: Industrial Property Taxes by Sector**

<b>Industrial Property Type</b>	<b>2008 Market Value (\$Millions)</b>	<b>2008 Property Tax (\$Thousands)</b>
Electricity production and related products	6.1	113
Seed, grain processing or storage, and dairy	403.1	4,587
Technology related	1,517.9	19,695
Mining, chemicals, and fertilizer	594.6	5,642
Wood processing	710.8	6,133
Food Processing	1,387.2	18,014
Other Industrial	708.3	8,742
<b>Total*</b>	<b>5,327.9</b>	<b>62,926</b>

\*Totals do not add due to rounding

Industrial property values increased 14.4% from 2007, while industrial property taxes increased 11.7%.

Chart II (above) includes real and personal property attributed to various industrial sectors. However, this chart includes industrial property within urban renewal areas and does not separate this property into base and increment shares. This means that an indeterminate amount of the \$62.9 million in industrial property taxes will be allocated to urban renewal districts. The data in Chart II does not include operating property.

**Comparison of Industrial Information  
2007 - 2008**
