Memorandum

Subject: Sales Tax Distribution Corrections

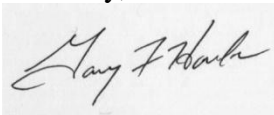

It has recently been brought to our attention that the Census has released the city population from the 2010 Census. The population change for cities was made on the October 2010 distribution report. That population was the estimates for July 2009, since then no update had been made available.

This memorandum is to inform you that, per IADAPA Rule 995.01, when new population figures from the Census are available the next quarter distribution will be made based on the new population figures. Since the 2010 city population figures were made available during July 2011 I have made corrections to the prior three (3) quarters distributions. This distribution for the quarter ending June 30, 2012 will have the corrected distribution amount for the previous 3 quarters. So for the July distribution you may receive an unusual amount. This is due to the corrections mentioned in this memo.

Starting with the quarter ending September 2012 the distribution amounts will fall back to a more normal amount.

If you have any questions or disagree with any of the above changes, please contact me as soon as possible at (208) 334-7541.

Sincerely,

Gary Houde
Senior Research Analyst
